NOTICE OF PUBLIC WORKSHOP

Framework for Incorporating Health Analysis into the Climate Change Scoping Plan

The California Air Resources Board (CARB), California Department of Public Health (CDPH), and Office of Environmental Health Hazard Assessment (OEHHA) invite you to participate in a workshop on a framework for incorporating health analysis into California's Climate Change Scoping Plan. The workshop will be held at the date and location shown below.

Workshop Date and Location

Friday, July 13, 2018
10:00 am to 12:30 pm

Sierra Hearing Room
California Environmental Protection Agency
1001 I Street
Sacramento, CA 95814

This workshop will also be webcast live at:
<https://video.calepa.ca.gov/>

Background. The 2017 Climate Change Scoping Plan Update Resolution 17-46 requires CARB to work with CDPH, OEHHA, and other state agencies to establish a timeline and an action plan to better integrate health analysis broadly into the design and implementation of the State's climate change programs with the goal of maximizing health benefits. To begin this process, staff from CARB, CDPH, and OEHHA developed an initial framework, which will be discussed at the workshop.

Presentations at the workshop will provide information on health risk factors and major areas of concern regarding public health in California, and how this information was used to develop the framework. The presentations are designed as a starting point for discussion at the workshop, and representatives from all three agencies will be present at the workshop to respond to your questions and comments.

Workshop Materials. The agenda and the presentations will be posted shortly before the workshop at: <https://ww2.arb.ca.gov/resources/documents/july-workshop-health-analysis-climate-change>

Written Comments. Following the Workshop, interested members of the public may submit comments electronically here: <https://ww2.arb.ca.gov/resources/documents/july-workshop-health-analysis-climate-change> These comments must be received no later than 5:00 p.m. August 13.

Comments may also be sent by mail and must be postmarked on or before August 13 and sent to:
