Giuseppe Napoli, Terminal Manager - WBCT
West Basin Container Terminal
2050 John S. Gibson Blvd.
San Pedro, California 90731
giuseppena@wbct.us

Dear Giuseppe Napoli:

Thank you for submitting the Terminal Plans (Plans) on behalf of West Basin Container Terminal and Everglades Terminal at the Port of Los Angeles to the California Air Resources Board (CARB) as required by the Control Measure for Ocean-Going Vessels At Berth ("Regulation"). CARB staff has reviewed your Plan submittals (including the revisions submitted on February 15, 2022) and has determined that it fulfills the requirements of the Regulation as set forth in section 93130.14(a). CARB considers your Plans complete, and no changes are necessary at this time.

If any significant changes occur to any elements of your Terminal Plan(s), you may resubmit an updated Plan to CARB (shorepower@arb.ca.gov) at any time.

Additional information on Port and Terminal Plans can be found on CARB's website at: <https://ww2.arb.ca.gov/new-berth-regulation-implementation>. If you have any questions, please contact Elizabeth Melgoza, Air Pollution Specialist, Marine Strategies Section, by email at elizabeth.melgoza@arb.ca.gov.

Sincerely,

A handwritten signature in blue ink that reads "Bonnie Soriano".

Bonnie Soriano, Branch Chief, Freight Activity Branch
