Dear Amber,

Thank you for submitting the Port Plan for the Port of Los Angeles. CARB staff have identified a number of deficiencies with Plans submitted by multiple terminals at the Port of Los Angeles (predominately tanker terminals), and will be sending individual letters to each terminal operator, with the Port in cc, to advise them of the Plan deficiencies and requesting they submit a revised plan. Because the Port's plan relies heavily on information provided by the terminal plans, we would like to request that the Port work with the terminals to revise the Plans and resubmit to CARB. We expect to have those letters sent out in the next 2-3 weeks.

If you have any questions at this point or after receiving the letters, please let us know. We are happy to schedule follow up calls as needed.

Thanks and best regards,
Nicole Light Densberger

Dear CARB Staff,

We appreciate all the help CARB staff has provided to the Port of Los Angeles (POLA) in helping us prepare our At Berth Port Plan. Attached is POLA's At Berth Port Plan. If there are any questions, please contact me at acoluso@portla.org.

Thank You,

Amber Coluso
