

### Demonstration of Compliance Form

Complete this form about the compliance status of your vehicle if repairs were necessary to bring the vehicle into compliance with the Heavy-Duty Inspection and Maintenance Program (HD I/M) Clean Truck Check requirements. The type of response you must submit depends on whether your vehicle is equipped with on board diagnostics (OBD) or not. Non-OBD vehicles have 2012 or older model year engines; OBD vehicles have 2013 or newer engines.

**If your vehicle is non-OBD (2012 or older engine), after repair submit the following to [HDVehicleEnforcement@arb.ca.gov](mailto:HDVehicleEnforcement@arb.ca.gov):**

- Have a [Credentialed HD I/M Tester](#)<sup>1</sup> perform a smoke opacity test and emissions control inspection as specified in 13 CCR 2196.4. (The tester will send the smoke test and inspection form to CARB but you should get copies for your records.)
- Submit repair receipts or work orders that show repairs are complete and detail the components replaced, including a description of the parts (with part numbers and costs), and the repairs and adjustments made to your vehicle.
- Complete and submit the following Statement of Correctness:

**I have repaired this vehicle, retested as required, replaced any tampered or defective parts, and declare that it now complies with CARB's regulations.**

---

**If your vehicle is OBD equipped (2013 or newer engine), after repair submit the following to [HDVehicleEnforcement@arb.ca.gov](mailto:HDVehicleEnforcement@arb.ca.gov):**

- Have a [Credentialed HD I/M Tester](#)<sup>1</sup> perform an OBD test as specified in 13 CCR 2196.3. CARB Enforcement staff may instruct you to also perform an opacity test and emissions control equipment inspection as specified in 13 CCR 2196.4. (The tester will send these records to CARB but you should get copies for your records.)
- Submit repair receipts or work orders that show repairs are complete and detail the components replaced, including a description of the parts (with part numbers and costs), and the repairs and adjustments made to your vehicle.
- Complete the following Statement of Correctness:

**I have repaired this vehicle, retested as required, replaced any tampered or defective parts, and declare that it now complies with CARB's regulations.**
