

## EXECUTIVE ORDER D-803-3

Relating to Exemptions under  
Section 27156 of the Vehicle Code

TMG Performance Products, LLC  
Corsa/Volant Performance Cold Air Intake Kits

Pursuant to the authority vested in the California Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Sections 39515 and 39516 of the Health and Safety Code and Executive Order G-14-012;

IT IS ORDERED AND RESOLVED: That the installation of the Corsa/Volant Performance Cold Air Intake Kits, produced and marketed by TMG Performance Products LLC, 140 Blaze Industrial Parkway, Berea, Ohio 44017, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems, and therefore, is exempt from the prohibitions in Section 27156 of the Vehicle Code for installation on those vehicles listed in the attached Exhibit A.

The Corsa/Volant Performance Cold Air Intake Kits include the following main components: open-element air filter, filter enclosure (as applicable), intake system tubing, crankcase ventilation hose (as applicable), assorted brackets, and hardware.

This Executive Order is valid provided that installation instructions for the Corsa/Volant Performance Cold Air Intake Kits do not recommend tuning the vehicles to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the Corsa/Volant Performance Cold Air Intake Kits, as exempt by the California Air Resources Board, which adversely affect the performance of the vehicles' emission control system, shall invalidate this Executive Order.

Marketing of the Corsa/Volant Performance Cold Air Intake Kits using any identification other than that shown in this Executive Order or for an application other than that listed in this Executive Order shall be prohibited unless prior approval is obtained from the California Air Resources Board. Exemption of the Corsa/Volant Performance Cold Air Intake Kits shall not be construed as exemption to sell, offer for sale, or advertise any component of the system as an individual device.

This Executive Order shall not apply to any Corsa/Volant Performance Cold Air Intake Kits advertised, offered for sale, sold with, or installed on a motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

This Executive Order does not constitute any opinion as to the effect the use of the Corsa/Volant Performance Cold Air Intake Kits may have on any warranty either expressed or implied by the vehicle manufacturer.

This Executive Order is granted based on submitted test data provided by TMG Performance Products, LLC. This test data was based on Cold-Start CVS-75 Federal Test Procedure tests, Supplemental Federal Test Procedure US06 and SC03 tests, and On-Board Diagnostic II System tests conducted by the SEMA Garage Emissions Compliance Center with its Cold Air Intake Kit installed. Test results showed that exhaust emission levels met the applicable emission standards with the Cold Air Intake Kit installed

The California Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of California Code of Regulations, Title 13, Section 2222, et seq. Further, if test results or other evidence provides the California Air Resources Board with reason to suspect that the Corsa/Volant Performance Cold Air Intake Kits will affect the durability of emission control systems, TMG Performance Products, LLC shall be required to submit durability data to show that the durability of vehicle emission control systems are not, in fact, affected and/or that the add-on or modified parts demonstrate adequate durability.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE CALIFORNIA AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF TMG PERFORMANCE PRODUCTS, LLC CORSAVOLANT PERFORMANCE COLD AIR INTAKE KITS.

No claim of any kind, such as "Approved by the California Air Resources Board," may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this Executive Order. The Executive Order may be revoked only after a ten day written notice of intention to revoke the Executive Order, in which period the holder of the Executive Order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request, and the Executive Order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed at El Monte, California, this 25 day of January 2019.

Annette Hebert, Chief  
Emissions Compliance, Automotive Regulations and Science Division
