

## EXECUTIVE ORDER D-803-9

Relating to Exemptions under  
Section 27156 of the Vehicle Code

TMG Performance  
Corsa/Volant Performance Cold Air Intake

Pursuant to the authority vested in the California Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-19-095;

IT IS ORDERED AND RESOLVED: That installation of the Corsa/Volant Performance Cold Air Intake, manufactured by TMG Performance, LLC (TMG) of 140 Blaze Industrial Parkway, Berea, Ohio 44017, has been found not to reduce the effectiveness of the applicable vehicle pollution control system, and therefore, are exempt from the prohibitions of Section 27156 of the Vehicle Code for installation on the vehicles listed in Attachment A.

The Corsa/Volant Performance Cold Air Intake includes the following main components: open-element air filter, intake system tubing, crankcase ventilation hose (as applicable), assorted brackets and hardware. Some kits are open element, while other kits include a closed air box or metal shield to protect the air filter from debris and heat. Please see Attachment A for a description of each kit by part number.

This Executive Order is valid provided that the installation instructions for the Corsa/Volant Performance Cold Air Intake will not recommend tuning the vehicle to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the Corsa/Volant Performance Cold Air Intake, as exempted by the California Air Resources Board, that adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

This Executive Order shall not apply to any Corsa/Volant Performance Air Intake advertised, offered for sale, sold with, or installed on a motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the Corsa/Volant Performance Cold Air Intake using an identification other than that shown in this Executive Order or for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the California Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the Corsa/Volant Performance Cold Air Intake may have on any warranty either expressed or implied by the vehicle manufacturer.

Exemption of the Corsa/Volant Performance Air Intake shall not be construed as an exemption to sell, offer for sale, or advertise any component of the system as individual devices.

This Executive Order is based on Cold-Start Federal Test Procedure test, Supplemental Federal Test Procedure test, and On-Board Diagnostic II System test previously conducted by TMG.

The California Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222 et seq. Further, If test results or other evidence provides the California Air Resources Board with reason to suspect that the Corsa/Volant Performance Air Intake will affect the durability of emission control systems, TMG shall be required to submit durability data to show that the durability of vehicle emission control systems are not, in fact, affected and/or that the add-on or modified parts demonstrate adequate durability.

**THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE CALIFORNIA AIR RESOURCES BOARD OF CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF TMG'S CORSA/VOLANT PERFORMANCE COLD AIR INTAKE.**

No claim of any kind, such as "Approved by the California Air Resources Board," may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this Executive Order. The Executive Order may be revoked only after a ten-day written notice of intention to revoke the Executive Order, in which period the holder of the Executive Order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the Executive Order may not be revoked until a determination is made after a hearing that grounds for revocation exist.

Executed on this 28th day of September 2020.

Allen Lyons, Chief  
Emissions Certification and Compliance Division
