Cap-and-Trade Dollars at Work Across California

California Climate Investments is a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment, particularly in disadvantaged communities.

$280.3 million
Cap-and-Trade dollars implemented within the District through 2019

42%
of total funds invested within the District benefiting priority populations

5,446projects, rebates, and vouchers implemented within the District

6,338,781MTCO₂𝑒 estimated over reduction timeframe

For an interactive map of investments statewide, visit caclimateinvestments.ca.gov

STATEWIDE CO-BENEFITS

improved air quality

reduced water use

enhanced ecosystems

employment & economic development

greater transit accessibility

dollar savings

Some projects are not located at a single address, and therefore could be attributable to multiple legislative districts. For projects that physically cross multiple legislative districts (e.g., transit projects), the entire project funding and other benefits are attributed to all relevant districts. For projects that report at the census tract level (e.g., vouchers, rebates, and household installations), the entire project funding and other benefits are attributed to a single district, determined by which district includes the majority of the census tract.

Some projects are not located at a single address, and therefore could be attributable to multiple legislative districts. For projects that physically cross multiple legislative districts (e.g., transit projects), the entire project funding and other benefits are attributed to all relevant districts. For projects that report at the census tract level (e.g., vouchers, rebates, and household installations), the entire project funding and other benefits are attributed to a single district, determined by which district includes the majority of the census tract.
Cap-and-Trade Dollars at Work Across California

California Climate Investments is a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment, particularly in disadvantaged communities.
