

PUBLIC WORKSHOP

California Climate Investments *Fourth Triennial Investment Plan*

The California Air Resources Board (CARB) invites you to join us at a public workshop about the California Climate Investments Fourth Triennial Investment Plan (Investment Plan). The Investment Plan is a document that provides guidance to the Legislature regarding the investment of Cap-and-Trade auction proceeds. CARB staff are launching the process to develop the Investment Plan for Fiscal Years 2022-23 through 2024-25, and we want to hear from you!

At this workshop, you can ask questions, share your input on funding priorities, and learn more about the Investment Plan.
