Background

Assembly Bill (AB) 617 was signed into law in July 2017. CARB established the Community Air Protection Program to implement AB 617, which requires new community-focused action to reduce air pollution and improve public health in communities that experience disproportionate burdens from exposure to air pollutants. In February 2018, CARB staff released two documents to provide our initial concepts for the Program requirements and to get the public involved in building the Program: the

“Community Air Protection Program Concept Paper” and the “Draft Process and Criteria for 2018 Community Selections.”

In early June 2018, staff released a more comprehensive document titled the “Community Air Protection Program Draft Blueprint” with detailed requirements for Program implementation, which reflects comments we received on the initial documents and public input provided during outreach events. This Draft Blueprint includes: processes and criteria for identifying and selecting impacted communities; statewide strategies to reduce emissions of criteria air pollutants and toxic air contaminants; and requirements for the development of community air monitoring plans and community emissions reduction programs.

Special Accommodation Request

Consistent with California Government Code Section 7296.2, special accommodation or language needs may be provided for any of the following:

- An interpreter to be available at the meeting;
- Documents made available in an alternate format or another language;
- A disability-related reasonable accommodation.

To request these special accommodations or language needs, please contact Trish Johnson at (916) 445-3365 or trish.johnson@arb.ca.gov as soon as possible, but no later than five business days before the scheduled meeting. TTY/TDD/Speech to Speech users may dial 711 for the California Relay Service.

Consecuente con la sección 7296.2 del Código de Gobierno de California, una acomodación especial o necesidades lingüísticas pueden ser suministradas para cualquiera de los siguientes:
