

STOCKTON COMMUNITY MEETING

The California Air Resources Board (CARB) staff invite you to participate in a community meeting for the Community Air Protection Program. This program focuses on improving public health in communities that experience disproportionate burdens from exposure to air pollutants. You can ask questions, engage in discussion, and learn more about:

- Approaches for consideration of addition communities
- Development of updated incentive guidelines
- How we can continue to support effective program implementation

FEBRUARY 11, 2019 5:00-7:00 PM

Van Buskirk Community Center | Multipurpose Room
734 Houston Avenue, Stockton CA 95206

More Information
