VISALIA

AB 617 Incentives

-
- Incentives
1- Visalia
Feb 6, 2019
- monitors in schools - ^{make funding for}
 - Chrome plating is a problem
 - pesticide mfg in Maliga is a problem
 - more data on pollution reductions - ^{esp. toxics}
 - more data on oil + gas sources
 - process to apply for funding should not be first come/first serve
 - establish criteria for allocations
 - focus \$ on smaller O/O's. + short-haul trucks.
 - replace older trucks w/ newer trucks
 - ID trucks operating in specific regions
 - Education of youth
- school outreach
 - Scholarships + grants to youth
 - Youth can easily ID sources of emissions
 - Quicker response for funding.

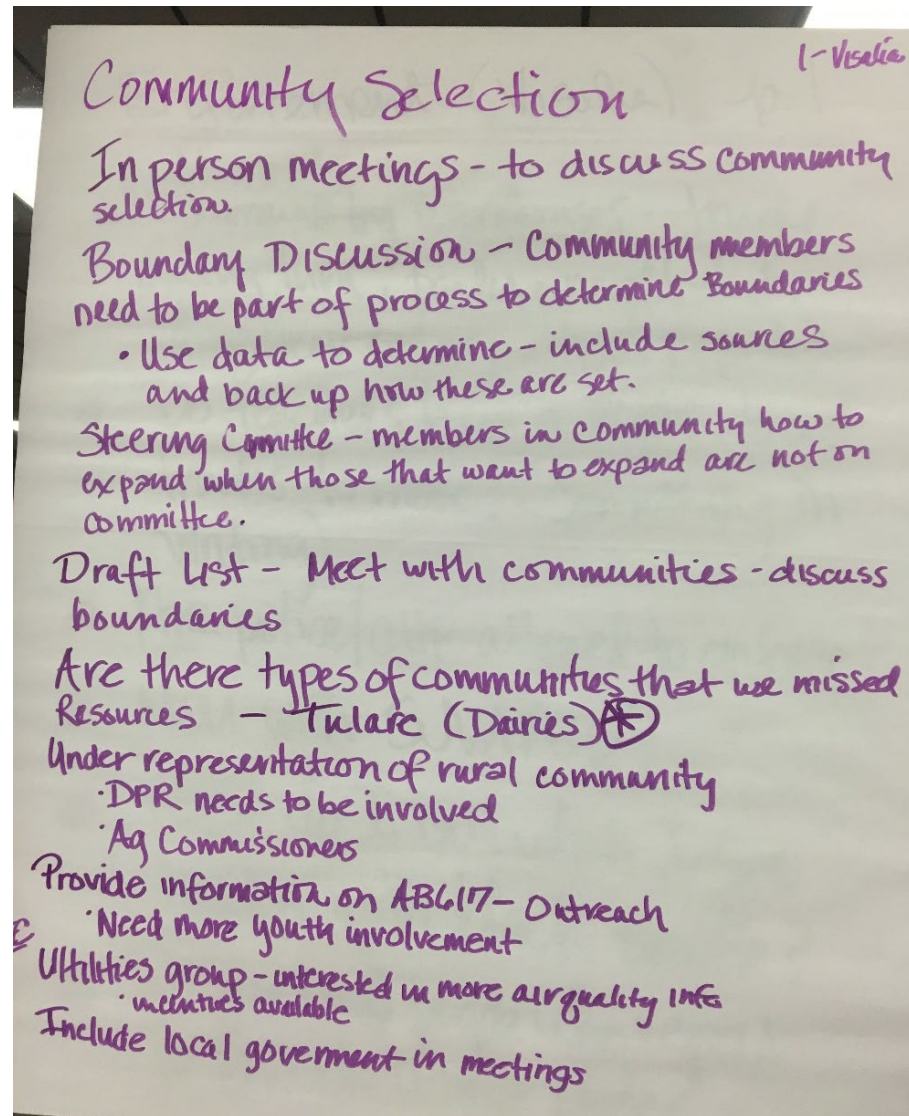

AB 617 Incentives

-
- Incentives
2- Visalia
Feb 6, 2019
- current incentive process is too slow + discouraging.
 - More inclusion during process
 - post grant language
 - More communication c/o Community Monitoring
 - better Spanish interpretation + translation (accuracy, speed)
 - explain ALL acronyms
