MOBILE CATERING COMPANY EXEMPTION REQUIREMENTS

1. A mobile catering company may be granted a one-year exemption for TRUs that are not compliant with the in-use performance standards if the following conditions are met:
 - a. The mobile catering company must be under contract with the National Interagency Fire Center (NIFC) to provide mobile catering food service to emergency incidents for the calendar year that the exemption would apply;
 - b. All California-based TRUs shall comply with the Air Resources Board Equipment Registration (ARBER) registration requirements and have a CARB IDN affixed to both sides of the TRU housing. (See TRU Advisory 08-10 for information on the requirements for affixing IDNs to the TRU housing). All TRUs owned by the mobile catering company that are based outside of California, that the owner wants included in the mobile catering company exemption, must be registered in ARBER; and
 - c. The mobile catering company must submit an application each year for a Mobile Catering Company Exemption to CARB with a copy of the mobile catering company's contract with the NIFC. The contract term must cover the calendar year the requested exemption would apply. The entire NIFC contract is not needed. Only the pages of the contract showing the following are required:
 - i. Form 30 Amendment of Solicitation/Modification of Contract, signed by NIFC Contracting Officer;
 - ii. Title page of the National Mobile Food Services Contract, with the year of the contract; and
 - iii. Pages of section B with the National Food Service Unit Summary that lists the applicant's mobile catering service contract, contact information, NIFC contract number, designated dispatch points, kitchen units, equipment types and unit numbers.
2. Mobile Catering Company Exemptions expire on December 31 of each year. Application information must be updated within 30 days of any changes to the information submitted. For example, if the owner buys or sells TRUs during the period of exemption, the IDN and unit serial number list must be amended.
3. Upon receipt of the mobile catering exemption from CARB, the owner shall provide the driver with a copy of the current Mobile Catering Service Exemption that has been approved by CARB and the Mobile Food and Shower Service Request Form issued by NIFC for the incident they are traveling to or from.

4. During transit on California roads, the driver must, upon request by CARB or a CARB designated representative:
- Present to the CARB inspector the Mobile Catering Service Exemption that has been approved by the Executive Officer and the Mobile Food and Shower Service Request Form issued by NIFC; and
 - Allow the CARB inspector to inspect the TRU to confirm Mobile Catering Service exemption applies to the equipment.
 - All circumstances at the time of inspection shall be consistent with the Mobile Catering Service Exemption that has been approved by CARB and the Mobile Food and Shower Service Request Form issued by NIFC.
