

**State of California
AIR RESOURCES BOARD**

EXECUTIVE ORDER G-19-221

Relating to Certification of Small Containers of Automotive Refrigerant

For Energizer Holdings Inc.

**Brand: A/C PRO and Artic Freeze
Model: ACP210ADCA and AF3BCA**

WHEREAS, the California Air Resources Board (CARB) has established, pursuant to California Health and Safety Code sections 38501, 38510, 38560, 38560.5, 38580, 39600 and 39601, criteria for obtaining certification of small containers of automotive refrigerant in "Certification Procedures for Small Containers of Automotive Refrigerant," last amended April 13, 2017, incorporated by reference into Title 17, California Code of Regulations sections 95362(b), 95365(c), 95366(e), and 95368(d);

WHEREAS, the "Certification Procedures for Small Containers of Automotive Refrigerant," last amended April 13, 2017 (hereinafter "Certification Procedures"), incorporated by reference into Title 17, California Code of Regulations sections 95362(b), 95365(c), 95366(e), and 95368(d) requires that an application for certification include test data from each test specified in CARB Test Procedure TP-503, Test Procedure for Leaks from Small Containers of Automotive Refrigerant;

WHEREAS, Section 1 of the Certification Procedures provides that an Executive Order will only be issued for a small container of automotive refrigerant that demonstrates compliance with all applicable certification requirements;

WHEREAS, Section 3 of the Certification Procedures requires an applicant to submit specified information in its application for certification;

WHEREAS, Energizer Holdings Inc. has submitted an application for certification of the following small container of automotive refrigerant: ACP210ADCA and AF3BCA (A/C PRO and Artic Freeze);

WHEREAS, Energizer Holdings Inc. has submitted data generated from each test specified in CARB Test Procedure TP-503, Test Procedure for Leaks from Small Containers of Automotive Refrigerant, that demonstrates its ACP210ADCA and AF3BCA (A/C PRO and Artic Freeze) small containers of automotive refrigerant comply with each requirement specified in Section 2.1 of the Certification Procedures;

WHEREAS, Energizer Holdings Inc. has submitted the bill of materials and engineering drawings of ACP210ADCA and AF3BCA (A/C PRO and Artic Freeze) small containers of automotive refrigerant that specify the dimensions specific to those small containers of automotive refrigerant;

WHEREAS, Energizer Holdings Inc. has submitted a sample of ACP210ADCA and AF3BCA (A/C PRO and Artic Freeze) small containers of automotive refrigerant;

WHEREAS, Energizer Holdings Inc. has submitted all of the information specified by Sections 2.2 through 2.4 of the Certification Procedures in its application for certification of its ACP210ADCA and AF3BCA (A/C PRO and Artic Freeze) small containers of automotive refrigerant;

WHEREAS, Energizer Holdings Inc.'s has submitted a signed proposal in response to CARB's inquiry involving the effectiveness of recycling program, which contains the following actions:

1. Energizer Holdings Inc. will pay for shipping of empty cans back from the retailer to the recycler to facilitate easy return;
2. Energizer Holdings Inc. will provide booklets/brochures/placards to the retailers for them to display in their stores;
3. Energizer Holdings Inc. will provide in person training for store employees of AutoZone, Advance Auto, O'Reilly's to use Energizer Holdings Inc.'s products along with information on regulations;
4. Energizer Holdings Inc. will provide funding to retailers in various forms that may be used to cover other expenses such as bins, totes, etc.;

WHEREAS, Energizer Holdings Inc.' application for certification of its ACP210ADCA and AF3BCA (A/C PRO and Artic Freeze) small containers of automotive refrigerant has been evaluated and found to comply with the criteria for the issuance of an executive order;

NOW THEREFORE, pursuant to the authority vested in the CARB by sections 38501, 38510, 38560, 38560.5, 38580, 39600 and 39601 of the Health and Safety Code, and pursuant to the authority vested in the undersigned by sections 39515 and 39516 of the Health and Safety Code;

IT IS ORDERED AND RESOLVED that ACP210ADCA and AF3BCA (A/C PRO and Artic Freeze) small containers of automotive refrigerant produced by Energizer Holdings Inc. as described in Energizer Holdings Inc. application for certification, is hereby certified to meet the performance standards and administrative requirements applicable to small containers of automotive refrigerant.

IT IS FURTHER ORDERED that this certification is subject to the following conditions:

1. Production containers must be in all material respects the same as those for which certification is granted and shall meet all the certification requirements;
2. Energizer Holdings Inc. must comply with the recycling reporting requirements specified in title 17, California Code of Regulations sections 95367;
3. Energizer Holdings Inc. must comply with the recordkeeping requirements specified in title 17, California Code of Regulations sections 95369;
4. Any modification to the design or specifications of a small container of automotive refrigerant certified hereby is prohibited and is inconsistent with this certification, unless said modification has been previously approved by the Executive Officer or his or her designee;

IT IS FURTHER ORDERED that the Executive Officer may enjoin sales, assess penalties, or revoke or modify this certification as provided in Title 17, California Code of Regulations sections 95368 if the Executive Officer determines that ACP210ADCA and AF3BCA (A/C PRO and Artic Freeze) small containers of automotive refrigerant available for sale in California does not meet the certification requirements including the testing in accordance with Test Procedure TP-503, Test Procedure for Leaks from Small Containers of Automotive Refrigerant, last amended April 13, 2017.

Executed at Sacramento, California this ^{FL} 11 day of February 2020.
