

Workshop to Discuss Proposed Adoption of a Schedule of Certification Fees for Off-Road Vehicles/Engines and Equipment

Invitation to Participate

The California Air Resources Board (CARB) invites you to participate in a public workshop on July 30, 2020, to discuss proposed adoption of a schedule of certification fees and inputs for the Standardized Regulatory Impact Assessment (SRIA) for off-road vehicles, off-road engines, and emission control systems of off-road engine equipped devices. This workshop is directed towards manufacturers of off-road vehicles, off-road engines, and equipment that use such off-road engines. These manufacturers receive the following Executive Orders (EOs.)

- G-08 through 09-series EOs, Large Off-Road Spark-Ignition Engine Equipment
- U-G-series EOs, New Electric Golf Carts
- U-L-series EOs, New Large Off-Road Spark-Ignition Engines
- U-M-series EOs, New Emission-Compliant Off-Highway Recreational Vehicles, e.g., Off-Road Motorcycles, ATVs, Off-Road Sport Vehicles, etc.
- U-N-series EOs, New Emission Non-Compliant Off-Road Motorcycles and ATVs,
- U-R-series EOs, New Off-Road Compression-Ignition Engines
- U-U-series EOs, New Small Off-Road Spark-Ignition Engines/Equipment
- U-W-series EOs, New Spark-Ignition Marine Engines/Watercraft

More Information

The workshop will be held through webinar and conference call only.

DATE: Thursday, July 30, 2020

TIME: 9:00 AM – 12:00 PM, Pacific Daylight Time

LOCATION: Webinar Only

Please register for the Certification Fee for Off-Road Vehicles/Engines and Equipment workshop through the link below. After registering, you will receive a confirmation email containing information about joining the webinar.

Register

Background

Historically, only about one third of the products certified by CARB have been assessed a certification fee. Effective June 27, 2018, new legislation passed by the California legislature and signed by the Governor (SB 854) allows CARB to adopt a schedule of fees for off-road or nonvehicular engines and equipment, aftermarket parts, and emissions control components sold in the state. This workshop is part of the regulatory development process to establish the fees and process. Your participation is welcome.

Special Accommodation Request

Consistent with California Government Code Section 7296.2, special accommodation or language needs may be provided for any of the following:

- An interpreter to be available at the meeting;
- Documents made available in an alternate format or another language;
- A disability-related reasonable accommodation.

To request these special accommodations or language needs, please contact [Bonnie Garlow](#) at (626) 575-6918 as soon as possible, but no later than 7 business days before the workshop. TTY/TDD/Speech to Speech users may dial 711 for the California Relay Service.

Contact

For questions regarding the workshop or the development of the Mobile Source Certification and Compliance fee process, please contact [Kathleen Mead](#), Air Pollution Specialist, at (916) 324-9550.

CLEARING CALIFORNIA SKIES FOR 50 YEARS
