## Harbor Communities Monitoring Study

The California Air Resources Board invites you to attend a community meeting at the Wilmington Senior Center on September 10, 2008 to discuss our Harbor Communities Monitoring Study (HCMS). This is one in a series of meetings to keep the community apprised of developments (from planning to data collection to data analysis to dissemination of findings and recommendations) in the HCMS.

The main purposes of this meeting are:

To provide the community a preview of the draft staff presentation planned for the September 25, 2008 meeting of the Air Resources Board. The presentation will include the policy implications of the data analysis conducted thus far in the Harbor Communities Monitoring Study, which was conducted in the greater Wilmington area.

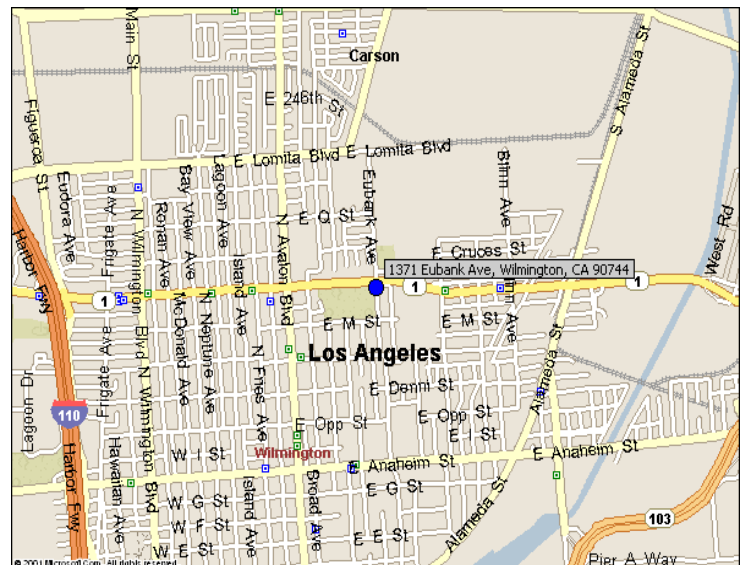

To receive questions, comments, and suggestions from interested community members and industry groups regarding the presentation.

### Meeting Details and Map

**September 10, 2008**

**6:30 p.m. - 8:00 p.m.**

**Wilmington Senior Center
