

PERMITTING & ENFORCEMENT: Working Together for Cleaner Air

ENFORCEMENT, ENGINEERING, AND TOXICS SYMPOSIUM 2017

Craziest Compliance Photo Contest!

It's back!
Calling all District
photographers...
We hope you've had your
cameras handy!

[Last year's](#) photo contest was a success and we are bringing the contest back for another round. At this year's Permitting & Enforcement Symposium, we invite all Districts to bring their most interesting, curious, or unusual permitting, compliance, and enforcement photos. All entries will be displayed and voted on by Symposium attendees. The winner will receive the prestigious Craziest Compliance Award!

Make sure you bring
your *outrageous*,
pre-printed, 8" x 10"
photos to the
Symposium!
