

California Air Resources Board Refrigerant Management Program (RMP) Refrigerant Registration and Reporting System (R3) Updates and User Training

January 20, 2016

Agenda

- Overview: Refrigerant Management Program (RMP)
- Overview: Refrigerant Registration and Reporting (R3) System
- Demonstration:
 - Registration
 - Service Records Data Entry
 - Annual Report Submittal and Fee Payment
- Questions

RMP program web page: www.arb.ca.gov/rmp

R3: www.arb.ca.gov/rmp-r3

RMP email help line: rmp@arb.ca.gov

Commonly Used Terminology

 High-GWP refrigerant – those with a global warming potential greater than or equal to 150.

- Refrigeration systems
 - System size
 - Small more than 50 lbs., but less than 200 lbs.
 - Medium 200 lbs. or more, but less than 2,000 lbs.
 - Large 2,000 lbs. or more
 - Facility size
 - Based on single largest refrigeration system on site

Commonly Used Terminology

ALD – Automatic Leak Detection system

- Facility type
 - Refrigeration Facility facility that uses refrigeration systems (most common facility type)
 - Refrigerant Distributor/Wholesaler sells refrigerant
 - Refrigerant Reclaimer receives and reprocesses or disposes of used refrigerant

Overview

Refrigerant Management Program (RMP)

RMP Program Overview

- Regulation implements California Global Warming Solutions Act (AB 32)
- In effect since January 1, 2011
- Complements existing federal and local rules
 - U.S.EPA Rule 608 currently being amended
 - South Coast AQMD rule 1415.1 (must register with RMP now)
- Focuses on leak inspection & repair
- Repairing leaks can save businesses money

RMP Program Overview Applicability

- Facility with a refrigeration system
 - Stationary, non-residential
 - More than 50-lbs of a high-GWP refrigerant (GWP>150)
 - Excludes comfort cooling, ammonia systems
- Distributors, Wholesalers, Reclaimers
- Any person who installs, services, or repairs a high-GWP gas refrigeration or a/c system

RMP Overview Key Requirements

- Facilities with refrigeration systems
 - Repair leaks within 14 days of detection
 - Keep records of service and refrigerant transactions
 - Follow required service practices
 - Conduct periodic leak inspections
 - File annual report and pay fee (medium and large facilities)
- Distributors, wholesalers, reclaimers
 - Keep records of refrigerant transactions
 - File annual report

RMP Overview Phase-In Schedule

In effect for all Facilities

- Periodic leak inspections or ALD
- Prompt leak repairs
- On-site recordkeeping
- Required service practices

Due Annually By March 1

- Large and Medium facilities (≥200 lbs.)
 report and pay fee
- Distributors, wholesalers, reclaimers report

Due by March 1, 2016

- Small facilities (50 to 200 lbs.) register

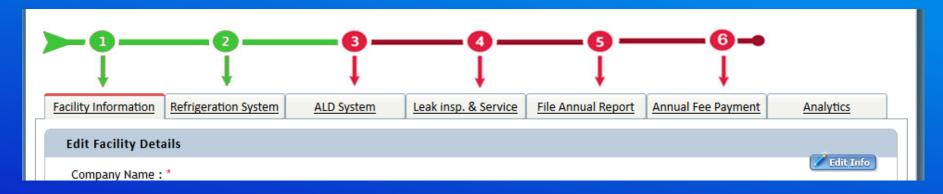

Overview

Refrigerant Registration and Reporting System (R3) http://www.arb.ca.gov/rmp-r3

R3 Overview New Features

Progress status bar

- Small facilities register
 - Facilities whose largest refrigeration system is more than 50 lbs. but less than 200 lbs.

Registration Workflow

All Facility Sizes

Company with Refrigeration Systems Registration Steps

1a) Create User Profile

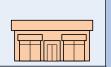

Registration includes:

- Company,
- Facility,
- System,
- ALD (if applicable)

2a) Register Facility

1b) Register Company

2b) Register Refrigeration System

26

3) Register Automatic Leak Detection System (ALD)

Service Records Data Entry Workflow Large and Medium facilities

- Enter Service Records
 - Leak inspections, leak repairs, other maintenance
 - ALD audits, calibrations, repairs, etc.
- Batch upload data from refrigerant management software
- Enter at any time

Annual Reporting Workflow
Large and Medium facilities
Distributors/Wholesalers
Reclaimers

After January 1, but No later than March 1

Facility with Refrigeration Systems
Annual Reporting Steps

Review & Update Company Information

Review & Update Facility Information

Review & Update Refrigeration System Information

Review & Update
Automatic Leak Detection System (ALD)
Information

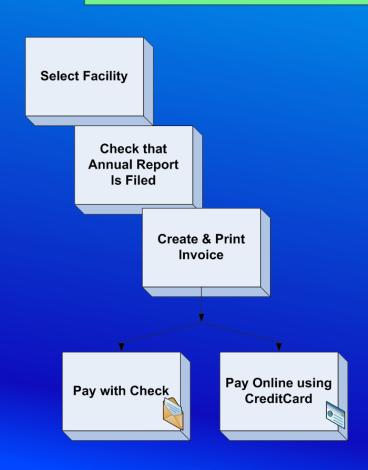

Enter Summary Refrigerant Usage

Annual Fee Payment Workflow Large and Medium facilities

Company with Refrigeration Systems
Annual Payment Steps

R3 Overview User Reports

- Reports can be printed from the R3
 - Facility and system leak rates
 - Refrigerant losses
 - Facility and system leak repair history
 - Inspections by enforcement agencies

R3 Overview Common Mistakes and Solutions

- Incomplete registration
 - Enter all facility information
 - All refrigeration system information
 - All ALD system information
- Service records not entered
 - Required leak inspections
 - Annual for Small systems same time each year
 - Quarterly for Medium systems every 90 days (+/- 20 days)
 - When additional refrigerant added
 - Leak repairs
 - ALD servicing
 - Other maintenance affecting refrigerant

R3 Overview Common Mistakes and Solutions

- Incorrect refrigerant usage on the Annual Report
 - Report the annual summary of refrigerant purchased, used, disposed of
- Invoice not created and/or sent with payment
 - Print and send a copy of the invoice along with the check to ARB at the address on the invoice

Welcome to Refrigerant Registration and Reporting System (R3)

Welcome to the Refrigerant Registration and Reporting System (R3). The R3 is a web-based tool for implementing the registration, reporting, and fee payment provisions of ARB's Refrigerant Management Program (RMP). In addition, the R3 offers the public a means to view select preformatted reports of refrigerant emissions. The R3 can be conveniently accessed on any computer with an internet connection.

The RMP is California's regulation for stationary, non-residential refrigeration systems using more than 50 pounds of a high global warming potential (high-GWP) refrigerant. The RMP seeks to reduce emissions of high-GWP refrigerants from leaking refrigeration equipment and the installation and servicing of refrigeration and air-conditioning appliances.

At the top of this page are links to the general ARB home web page and the home page of the RMP. Below that, on the red tab bar are links to preformatted reports and forms, important contacts for the RMP, and answers to frequently asked questions.

RMP R3 Registration Check List (information you will need before registering)

RMP R3 Registration Worksheet

LOGIN USERNAME PASSWORD (case-sensitive) Login

Can't Access my Account?

Companies with facilities with refrigeration systems, distributors, wholesalers, and reclaimers must first setup a user account and company profile In order to use R3.

Sign Up for New Registration

Important Information

General Public Users: Information for the general public does not require a login or account. For reports available to the public select the Reports and Forms tab on the red bar above. For contacts about the program select the Contact tab on the red bar or one of the links below. Select the FAQ tab on the red bar for general information.

First Time Company Users: In order to use R3 you must first setup a user account. If no one in your company has established an Administrator type user account and begun the company registration process select the "Sign Up for New Registration" in the right column. If someone in your company has registered and has established an Administrator account, contact that person to create your account.

First Time ARB and AIR District Users: ARB and Air District users should contact their program administrator to setup an account login.

The 2016 registration and annual reporting period will open January 1, 2016. Deadline for submitting Annual Reports and making the fee payment is March 1, 2016.

Small facilities must complete their registration by March 1, 2016.

An free online webinar to review the use of R3 will be presented December 3, 2015 from 9:00 to 11:00 am Pacific time. Webinar slide will be available in advance at www.arb.ca.gov/rmp. To register for this Webinar: https://attendee.gotowebinar.com/register /681549145501933057

contact Information

For general R3 questions, Send an email to reftrackinfo@arb.ca.gov, Phone Number: 916-324-2517

Program Web page: http://www.arb.ca.gov/stoprefrigerant See the Regulation Document

Check List

R3 Step-by-Step

Please use this two-page flow-chart to fully complete the R3 registration and reporting requirements for your facility. Use the checkboxes to mark off each completed section.

New R3 Registration Creating Company and User Profile

☐ Input EIN number

User Registration

- ☐ Create Username, Password (min. 8 characters must contain 1 uppercase and 1 lowercase letter and a number)
- Create security questions and answers

Company Registration

- Company Profile: Input company contact person, mailing address
- ☐ Click Submit; your company is now registered in R3
 You are not finished, please follow the next steps to
 complete R3 registration.

Facility Registration

On the Dashboard webpage, in bottom left corner select 'Click Here'

- New Facility Details Input facility contact person, mailing address, billing address (if different)
- Business Codes search and select the matching NAICS and SIC Codes
- Click Save & Submit

Register Refrigeration Systems Select "Refrigeration System" tab, Click "Add New"

- ☐ Name the "System ID" so it's easy to identify ex: Chiller 1
- ☐ Floor plan could be a scanned drawing
- ☐ For help please click on the *blue question marks'
- ☐ If system has an Automatic Leak Detector system (sensors) select "ALD on System"

Check List (cont.)
