

Annual Report of Enhanced Education Program

Note:

- This template can be used for either the annual spending plan for the upcoming year or the spending report for the previous year.
- Additional information, including, but not limited to, supporting reports, documents, measurements, assumptions, and other data sources shall be accompanied to either report.
- Completed report is due to California Air Resources Board by May 1st.

1. Contact Information

1.1. Contact information of manufacturer/designee responsible for the submittal of this report:

Company Name	
Mailing Address	
Street Address	
Contact Person	
Telephone Number	
E-mail Address	

1.2. Contact information of manufacturer/designee who will be responsible for the **implementation** of the Enhanced Consumer Education Programs (leave blank if same as 1.1):

Contact Person	
Telephone Number	
E-mail Address	

2. Funding

Total Amount of Fund Available (\$) - Amount of unclaimed deposits - Surplus from previous year	
Amount Allocated for Educational Outreach Activities (\$)	
Amount Allocated for Measures Reducing GHG Emissions (\$)	
Surplus Amount (\$)	

The surplus amount will be held over. Please explain why such money is not to be spent during the upcoming year.

3. Enhanced Education Program (Category I of guidelines)

List the educational outreach activities performed (if this is a spending report) or to be performed (if this is a spending plan) by the manufacturer or its designee. Please refer to **Category I** in the general guidelines for details.

Each program is reported in a single subsection. Copy blank table of subsection 3.1 for multiple programs (3.2, 3.3 etc.).

3.1. Program 1

Program Name	
Program description (Maximum 150 words, attach full program report to the end)	
Program objectives	
For spending plan , demonstrate why the program is necessary and how it will achieve the desired goals. For spending report , demonstrate how the program achieved the desired goals.	
Cost of program implementation	Capital cost (\$): Operational cost (\$): Name and amount of other costs:

4. Other Programs, Projects, or Measures to Reduce Greenhouse Gas Emissions (Category II of guidelines)

List other measures which help reduce greenhouse gas emissions performed (if this is a spending report) or to be performed (if this is a spending plan) by the manufacturer or its designee. Please refer to **Category II** in the general guidelines for details.

Each measure is reported in a single subsection. Copy blank table of subsection 4.1 for multiple measures (4.2, 4.3 etc.).

4.1. Measure 1

Name of measure	
Description of measure (Maximum 150 words, attach full documents, if feasible, to the end of report)	
Objectives of measure	
Demonstrate how the chosen measures will help (spending plan), or helped (spending report) to reduce greenhouse gas emissions	
Cost of measure implementation	Capital cost (\$): Operational cost (\$): Name and amount of other costs:
