Elizabeth Adams, Director, Air and Radiation Division, Region 9
U.S. Environmental Protection Agency
75 Hawthorne Street, AIR-7
San Francisco, California 94105
Adams.Elizabeth@epa.gov

Dear Director Adams:

On September 3, 2021, the California Air Resources Board (CARB) requested concurrence of exceptional events that occurred in the San Luis Obispo County Air Pollution Control District (District) in 2018. This request was submitted under the parallel processing procedure cited in 40 CFR 51, appendix V, section 2.3, to expedite U.S. Environmental Protection Agency (U.S. EPA) action regarding the attainment status of the Eastern Portion of San Luis Obispo County during the required 30-day public comment period.

The 30-day public comment period closed on October 4, 2021 and no comments were received.

This completes all required documentation and CARB requests that U.S. EPA concur on all regulatory ozone monitoring data at the Red Hills monitoring site from August 3 to August 9, 2018 as demonstrated in the document CARB submitted on September 3, 2021.

If you have any questions regarding the enclosed documentation, please contact Sylvia Vanderspek, Chief, Air Quality Planning Branch, at (916) 324-7163 or via email at sylvia.vanderspek@arb.ca.gov.

Sincerely,

Michael Benjamin, D. Env., Division Chief, Air Quality Planning and Science Division
