

**DRAFT - People’s Blueprint Outline of Chapters & Sections for Consultation Group Discussion Tracking**

**What do you recommend that CARB include/revise/not include in the CAPP Program Blueprint Update from the Peoples Blueprint?**

For each section of the People’s Blueprint, what is your response?

1. Include Concept - Could you support or live with this concept if it were included in the CAPP Program Blueprint Update?
2. Revise - Could you support or live with this concept, IF the language was revised in some way – the concept is OK with you, but you need to see some material/language changes/deletions/additions before you could live with it?
  - a. Please include in the notes the revisions would you like to see.
3. Don’t include – Let us know if you cannot live with the language and/or concept in this section – it could not be revised to work for you or those you represent.
