

## AB 617 Implementation Funds Annual Report

<b>I.</b>	<b>Report Number:</b>	<b>2</b>
	<b>Title:</b>	<b>AB 617 Community Air Protection Program Annual Grant Report</b>
	<b>Reporting Period:</b>	<b>February 1, 2019 to April 1, 2021</b>
	<b>Name of Grantee:</b>	<b>Tehama County APCD</b>
	<b>Grant Number:</b>	<b>G18-CAPP-32</b>
	<b>Date of Submission:</b>	<b>1/29/2021</b>

**II. Costs associated with specific tasks:**  
*(for example: identifying location for monitoring, deploying community air monitoring systems, fence-line monitoring, reporting emissions, developing a community emissions reduction program, establishing best available retrofit control technology requirements, adopting an expedited schedule for the implementation of best available retrofit control technology, community meetings or other Community Air Protection implementation efforts and outreach). Information for outreach events must include the date, location, topics, and number of attendees, for each event.)*

The District has incurred costs related to AB 617 for the following: identifying locations for community air monitors, the purchase and deploying of multi-pollutant community air monitoring systems. Establishing Best Available Retrofit Control Technology requirements, Community Air Protection outreach, and community emissions reduction programs.

**III. How is grant being utilized to meet goals of AB 617:**  
*(If applicable, include emissions reductions being achieved)*

The Grant is being utilized to update two rules in order to meet the expedited BARCT requirements for the facilities identified under AB 617. The District has also acquired two new multi-pollutant AQ mesh community air monitors to place in remote communities of Tehama County. The District is also currently Developing the website [tehcoapcd.net/cap](http://tehcoapcd.net/cap) to serve as our outreach center for District activities related to AB 617. The District has also reviewed its complaint and permit database to identify community sources of concern in order to direct AB 617 efforts to those most burdened in Tehama County.

**IV. Summary of work completed and in progress since the last progress report:**

Completed the purchase and installation of new community air monitoring stations. Development of the Tehama County Air Pollution Control District CAP website to provide outreach to the public on efforts related to 617 implementation and incentives. Review of complaints and permit databases to identify sources of concern for community emissions reduction programs. Operation of Community air monitoring sites. Implementation of expedited BARCT schedule.
