

APPLICATION FOR CERTIFICATION OF ABRASIVE FOR PERMISSIBLE DRY OUTDOOR BLASTING

MLD/QMB-004 (REV. 05/2022) PAGE 1 OF 5

INSTRUCTIONS AND SHIPPING DIRECTIONS

- A. The application must be filled out completely. Note that the “Plant Location” must be a physical location sufficient to find the facility. A street address is ideal. Each “Plant Location” must include the postal code. The Multiple Name Information Sheet is only needed if your company sells one abrasive under several names.
- B. Be sure to include the desired “Disposition” of each abrasive sample after certification testing. The California Air Resources Board (CARB) needs to know whether your company would like the abrasive sample returned, or whether CARB should dispose of it. If your company would like CARB to return the abrasive sample, complete and return the Statement of Reuse. CARB will contact you to arrange a prepaid return shipment when certification testing is completed. If your company would like ARB to dispose of the abrasive sample, CARB will arrange the appropriate means of disposal. All costs associated with the disposition of the abrasive sample will be billed to your company.
