

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and Hempel (USA), Inc. (Hempel), with its principal location at 600 Conroe Park North Drive, Conroe, Texas 77303 (collectively, the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) Purpose. The California Health and Safety Code mandates CARB adopt regulations to achieve the maximum feasible reduction in volatile organic compounds (VOCs) by consumer products. (Health & Saf. Code § 41712.)
- (2) Regulation. CARB adopted the *Regulation for Reducing Emissions from Consumer Products* (Consumer Products Regulation) to reduce VOCs. (Cal. Code Regs., tit.17, §§ 94507 et seq.)
- (3) Regulatory Provisions. Any person who sells, supplies, offers for sale, or manufactures any consumer product for use in California shall comply with the standards set forth in the Consumer Products Regulation, including the VOC limit, ingredient prohibitions, labeling, reporting, displaying the date of manufacture, and other administrative requirements. (Cal. Code Regs., tit.17, §§ 94509–94515.) If anywhere on the container of any consumer product, the manufacturer represents that the product may be used or is suitable for a specific use in which a lower limit applies, the lowest applicable limit shall apply. (Cal. Code Regs., tit.17, § 94512(a).)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to ten thousand nine hundred ten dollars (\$10,910.00 USD) for strict liability violations for each day in which the violation occurs. (Cal. Code Regs., tit.17, § 94507 et seq.; Health & Saf. Code §§ 39674, 39675, 42400 et seq., 42402 et seq., and 42410.)

CASE BACKGROUND

- (5) Corporate Entity. At all relevant times, Hempel was organized under the laws of Texas as a corporation and conducted business in the State of California.
- (6) Allegations. This Settlement Agreement settles Notice of Violation (NOV) CP22-03-05, which was issued on March 15, 2022. CARB alleged Hempel violated the Consumer Products Regulation by selling, supplying, offering for sale, or manufacturing for use in California, Neogard Odorless Reducer that is subject to and exceeded a VOC limit of 3 percent by weight for the Paint Thinner (nonaerosol) category; Neogard PMMA Cleaning Agent that is subject to and

exceeded a VOC limit of 3 percent by weight for the Multi-purpose Solvent (nonaerosol) category; Hempel Acrylithane Paint Retarder that is subject to and exceeded a VOC limit of 3 percent by weight for the Paint Thinner (nonaerosol) category; Hempel's Thinner Medium Reducer that is subject to and exceeded a VOC limit of 3 percent by weight for the Paint Thinner (nonaerosol) category; and Fast Reducer that is subject to and exceeded a VOC limit of 3 percent by weight for the Paint Thinner (nonaerosol) category; as outlined in Notice of Violation CP22-03-05. CARB alleges that if the allegations described in Paragraph 6 were proven, civil penalties could be imposed against Hempel for each and every day the noncompliant product was sold, supplied, offered for sale or manufactured for use in California.

- (7) Acknowledgment. Hempel admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, Hempel has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

TERMS AND CONDITIONS

In consideration of CARB not filing a legal action against Hempel for the alleged violations referred to above in Paragraph 6, and in consideration of Hempel's agreement to complete all terms and conditions set forth below, CARB and Hempel agree as follows:

- (9) Settlement Amount. Hempel shall pay a civil penalty of eleven thousand, one hundred dollars (\$11,100.00 USD). Hempel shall make all payments within 30 calendar days from the date CARB notifies Hempel of the full execution of the Settlement Agreement.
- (10) Civil Penalty Payment Method. Hempel shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to CARB, using instructions provided separately by CARB in a Payment Transmittal Form. Hempel is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to Hempel in accordance with Paragraph 12 (Notices).

- (28) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

PENALTY BASIS

- (29) Per Unit Penalty. The strict liability per unit penalty in this case is a maximum of \$10,910.00 per violation per day under Health and Safety Code section 42400 et seq., 38580 for violations of the Consumer Products Regulation.

In cases like this, involving unintentional violations of the Consumer Products Regulations where the violator voluntarily disclosed the violations to CARB and cooperates with the investigation, CARB has obtained penalties based on excess emissions. The penalty in this case is for 2.22 tons of excess VOC resulting in a penalty of \$5,000.00 per ton of excess VOC.

- (30) Emissions. The provisions cited above prohibit emissions above a specified limit. Consumer Products meeting the definition of a Multi-purpose Solvent (nonaerosol) or Paint Thinner (nonaerosol) are subject to a VOC limit of 3 percent by weight, effective December 31, 2013 (Cal. Code Regs., tit. 17, § 94509(a)). Since CARB has alleged that the products did not meet the regulatory requirements, the emissions above the specified limit were excess and illegal.
- (31) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action

taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. Hempel voluntarily disclosed the violations to CARB, which was considered in setting the penalty amount. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.

(32) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by Hempel or confidential settlement communications.

(33) Effect of Settlement/Reservation of Rights. The following shall apply:

- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
- (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against Hempel with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against Hempel with respect to:
 - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
 - (ii) Facts that were not disclosed by Hempel to CARB.
 - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
 - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
 - (v) Any criminal liability.
 - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, Hempel shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-

splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.

- (d) This Settlement Agreement does not limit or affect the rights of Hempel or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against Hempel, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Hempel is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; Hempel's compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that Hempel's compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
