

State of California  
AIR RESOURCES BOARD

EXECUTIVE ORDER H3-20-161

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

**Andrea Adams**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Andrea Adams is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on December 9, 2020.

EXECUTIVE ORDER H3-20-085

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Erica Leah Alvarado

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

WHEREAS, the Executive Officer has determined that the verifier meets the additional lead verifier requirement, pursuant to section 95502(c)(5), for accreditation under the **Mandatory GHG Reporting Regulation (MRR) as an oil and gas** systems specialist to lead verification services for Petroleum-Based Fuel Reports: Quarterly Fuels Transactions Reports submitted by producers and importers of gasoline or diesel, Crude Oil Quarterly and Annual Volumes Reports, and Project Reports as listed in section 95500(e);

NOW, THEREFORE, IT IS ORDERED, that Erica Leah Alvarado is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways, Alternative Fuel Transactions, and Petroleum-Based Fuel Reports**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

AIR RESOURCES BOARD

EXECUTIVE ORDER H3-20-214

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

**Andrew Beecher**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement, pursuant to section 95502(c)(5), for accreditation under the Mandatory GHG Reporting Regulation (**MRR**) **as an** oil and gas systems specialist to lead verification services for Petroleum-Based Fuel Reports: Quarterly Fuels Transactions Reports submitted by producers and importers of gasoline or diesel, Crude Oil Quarterly and Annual Volumes Reports, and Project Reports as listed in section 95500(e);

NOW, THEREFORE, IT IS ORDERED, that Andrew Beecher is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Petroleum-Based Fuel Reports and Alternative Fuel** Transactions, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 6, 2021.

EXECUTIVE ORDER H3-20-028

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

**Natasha Beilstein**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

NOW, THEREFORE, IT IS ORDERED, that **Natasha Beilstein** is accredited to conduct LCFS verification services as a Lead LCFS Verifier for **Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

EXECUTIVE ORDER H3-20-029

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

**Michael Bell**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), **to lead** validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Michael Bell is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

EXECUTIVE ORDER H3-20-187

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Tom Berge

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional **lead verifier** requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), **to lead validation** of Fuel Pathway Applications and verification of Fuel Pathway Reports;

WHEREAS, the Executive Officer has determined that the verifier meets the additional lead verifier requirement, pursuant to section 95502(c)(5), for accreditation under the Mandatory GHG Reporting Regulation (MRR) as an oil and gas systems specialist to lead verification services for Petroleum-Based Fuel Reports: Quarterly Fuels Transactions Reports submitted by producers and importers of gasoline or diesel, Crude Oil Quarterly and Annual Volumes Reports, and Project Reports as listed in section 95500(e);

NOW, THEREFORE, IT IS ORDERED, that Tom Berge is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways, Alternative Fuel Transactions, and Petroleum-Based Fuel Reports**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on December 9, 2020.

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

NOW, THEREFORE, IT IS ORDERED, that **Kari Buttenhoff** is accredited to conduct LCFS verification services as a Lead LCFS Verifier for Alternative Fuel Transactions, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

EXECUTIVE ORDER H3-20-035

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Michael Carim

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Michael Carim is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Pursuant to Section 95502 Title 17, California Code of Regulations

Eamon Cullinane

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Eamon Cullinane is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on December 9, 2020.

Pursuant to Section 95502 Title 17, California Code of Regulations

**Charles Joseph English Jr.**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

NOW, THEREFORE, IT IS ORDERED, that **Charles Joseph English Jr.** is accredited to conduct LCFS verification services as a Lead LCFS Verifier for Alternative **Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

EXECUTIVE ORDER H3-20-050

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

**Shane Ewy**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

NOW, THEREFORE, IT IS ORDERED, that **Shane Ewy** is accredited to conduct LCFS verification services as a Lead LCFS Verifier for Alternative Fuel Transactions, **for three** years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

EXECUTIVE ORDER H3-20-051

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Zach Eyler

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined that **the verifier meets the** additional **lead** verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead **validation of** Fuel Pathway Applications and verification of Fuel Pathway Reports;

WHEREAS, the Executive Officer has determined that the verifier meets the additional lead verifier requirement, pursuant to section 95502(c)(5), for accreditation under the Mandatory GHG Reporting Regulation (MRR) as an oil and gas systems specialist to lead verification services for Petroleum-Based Fuel Reports: Quarterly Fuels Transactions Reports submitted by producers and importers of gasoline or diesel, Crude Oil Quarterly and Annual Volumes Reports, and Project Reports as listed in section 95500(e);

NOW, THEREFORE, IT IS ORDERED, that Zach Eyler is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways, Alternative Fuel Transactions, and Petroleum-Based Fuel Reports**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

**Cheryl Garcia**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

NOW, THEREFORE, IT IS ORDERED, that **Cheryl Garcia** is accredited to conduct LCFS verification services as a Lead LCFS Verifier for Alternative Fuel Transactions, **for three** years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

EXECUTIVE ORDER H3-20-060

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

**Alex Gay**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

NOW, THEREFORE, IT IS ORDERED, that **Alex Gay** is accredited to conduct LCFS verification services as a Lead LCFS Verifier for Alternative Fuel Transactions, **for three** years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

EXECUTIVE ORDER H3-20-061

Relating to the Accreditation as a Non-Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports Pursuant to Section 95502 Title 17, California Code of Regulations

**Anthony Gerigk**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

NOW, THEREFORE, IT IS ORDERED, that Anthony Gerigk is accredited to conduct LCFS verification services as a **LCFS Verifier (Non-Lead)**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

EXECUTIVE ORDER H3-20-062

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Lara Gertler

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

WHEREAS, the Executive Officer has determined that the verifier meets the additional lead verifier requirement, pursuant to section 95502(c)(5), for accreditation under the Mandatory GHG Reporting Regulation (MRR) as an oil and gas systems specialist to lead verification services for Petroleum-Based Fuel Reports: Quarterly Fuels Transactions Reports submitted by producers and importers of gasoline or diesel, Crude Oil Quarterly and Annual Volumes Reports, and Project Reports as listed in section 95500(e);

NOW, THEREFORE, IT IS ORDERED, that Lara Gertler is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways, Alternative Fuel Transactions, and Petroleum-Based Fuel Reports**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

AIR RESOURCES BOARD

EXECUTIVE ORDER H3-20-205

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Suzanne Hambleton

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Suzanne Hambleton is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 6, 2021.

EXECUTIVE ORDER H3-20-191

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

**Gina Harrison**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

NOW, THEREFORE, IT IS ORDERED, that **Gina** Harrison is accredited to conduct LCFS verification services as a Lead LCFS Verifier for Alternative Fuel Transactions, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H3-20-153

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Jennifer Hart

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

WHEREAS, the Executive Officer has determined that the verifier meets the additional lead verifier requirement, pursuant to section 95502(c)(5), for accreditation under the Mandatory GHG Reporting Regulation (MRR) as an oil and gas systems specialist to lead verification services for Petroleum-Based Fuel Reports: Quarterly Fuels Transactions Reports submitted by producers and importers of gasoline or diesel, Crude Oil Quarterly and Annual Volumes Reports, and Project Reports as listed in section 95500(e);

NOW, THEREFORE, IT IS ORDERED, that Jennifer Hart is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways, Alternative Fuel Transactions, and Petroleum-Based Fuel Reports**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on December 9, 2020.

EXECUTIVE ORDER H3-20-074

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Robert Holzhauer

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement, pursuant to section 95502(c)(5), for accreditation under the Mandatory GHG Reporting Regulation (MRR) as an oil and gas systems specialist to lead verification services for Petroleum-Based Fuel Reports: Quarterly Fuels Transactions Reports submitted by producers and importers of gasoline or diesel, Crude Oil Quarterly and Annual Volumes Reports, and Project Reports as listed in section 95500(e);

NOW, THEREFORE, IT IS ORDERED, that Robert Holzhauer is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Petroleum-Based Fuel Reports and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

EXECUTIVE ORDER H3-20-075

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Eddy Huang

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Eddy Huang is accredited to conduct LCFS verification services as a Lead LCFS Verifier for **Fuel Pathways and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement, pursuant to section 95502(c)(5), for accreditation under the Mandatory GHG Reporting Regulation (MRR) as an oil and gas systems specialist to lead verification services for Petroleum-Based Fuel Reports: Quarterly Fuels Transactions Reports submitted by producers and importers of gasoline or diesel, Crude Oil Quarterly and Annual Volumes Reports, and Project Reports as listed in section 95500(e);

NOW, THEREFORE, IT IS ORDERED, that Abigail Kirchofer is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Petroleum-Based Fuel Reports and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 6, 2021.

EXECUTIVE ORDER H3-20-081

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Dru Krupinsky

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

WHEREAS, the Executive Officer has determined that the verifier meets the additional lead verifier requirement, pursuant to section 95502(c)(5), for accreditation under the Mandatory GHG Reporting Regulation (MRR) as an oil and gas systems specialist to lead verification services for Petroleum-Based Fuel Reports: Quarterly Fuels Transactions Reports submitted by producers and importers of gasoline or diesel, Crude Oil Quarterly and Annual Volumes Reports, and Project Reports as listed in section 95500(e);

NOW, THEREFORE, IT IS ORDERED, that Dru Krupinsky is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways, Alternative Fuel Transactions, and Petroleum-Based Fuel Reports**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

Pursuant to Section 95502 Title 17, California Code of Regulations

Eileen Loomis

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

NOW, THEREFORE, IT IS ORDERED, that **Eileen Loomis** is accredited to conduct LCFS verification services as a Lead LCFS Verifier for Alternative Fuel Transactions, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on December 9, 2020.

EXECUTIVE ORDER H3-20-164

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

**Matthew Lutes**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

NOW, THEREFORE, IT IS ORDERED, that **Matthew Lutes** is accredited to conduct LCFS verification services as a Lead LCFS Verifier for Alternative Fuel Transactions, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on December 9, 2020.

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

**Kara Maynard**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

NOW, THEREFORE, IT IS ORDERED, that **Kara Maynard** is accredited to conduct LCFS verification services as a Lead LCFS Verifier for Alternative Fuel Transactions, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on December 9, 2020.

Richard W. Corey, Executive Officer  
California Air Resources Board

State of California  
AIR RESOURCES BOARD

EXECUTIVE ORDER H3-20-095

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

**Anne McQueen**

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

WHEREAS, the Executive Officer has determined that the verifier meets the additional lead verifier requirement, pursuant to section 95502(c)(5), for accreditation under the Mandatory GHG Reporting Regulation (MRR) as an oil and gas systems specialist to lead verification services for Petroleum-Based Fuel Reports: Quarterly Fuels Transactions Reports submitted by producers and importers of gasoline or diesel, Crude Oil Quarterly and Annual Volumes Reports, and Project Reports as listed in section 95500(e);

NOW, THEREFORE, IT IS ORDERED, that Anne McQueen is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways, Alternative Fuel Transactions, and Petroleum-Based Fuel Reports**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Barbara Toole O'Neil

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), **to lead** validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Barbara Toole O'Neil is accredited to conduct LCFS verification services as a Lead LCFS Verifier for Fuel Pathways and Alternative Fuel Transactions, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on December 9, 2020.

AIR RESOURCES BOARD

EXECUTIVE ORDER H3-20-103

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Denise Ortiz Sandoval

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), **to lead** validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Denise Ortiz Sandoval is accredited to conduct LCFS verification services as a Lead LCFS Verifier for Fuel Pathways and Alternative Fuel Transactions, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

EXECUTIVE ORDER H3-20-204

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Christina Preszler

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), **to lead** validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Christina Preszler is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 6, 2021.

AIR RESOURCES BOARD

EXECUTIVE ORDER H3-20-113

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Erin Quinn

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

NOW, THEREFORE, IT IS ORDERED, that Erin Quinn is accredited to conduct LCFS verification services as a Lead LCFS Verifier for **Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Jim Ramm

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), **to lead** validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Jim Ramm is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Lisa Schmidt

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement, pursuant to section 95502(c)(5), for accreditation under the Mandatory GHG Reporting Regulation (MRR) as an oil and gas systems specialist to lead verification services for Petroleum-Based Fuel Reports: Quarterly Fuels Transactions Reports submitted by producers and importers of gasoline or diesel, Crude Oil Quarterly and Annual Volumes Reports, and Project Reports as listed in section 95500(e);

NOW, THEREFORE, IT IS ORDERED, that Lisa Schmidt is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Petroleum-Based Fuel Reports and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on December 9, 2020.

EXECUTIVE ORDER H3-20-120

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Anneliese Schmidt

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Anneliese Schmidt is accredited to conduct LCFS verification services as a Lead LCFS Verifier for **Fuel Pathways and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

NOW, THEREFORE, IT IS ORDERED, that Virginia Smith is accredited to conduct LCFS verification services as a Lead LCFS Verifier for **Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

Pursuant to Section 95502 Title 17, California Code of Regulations

Stefan Unnasch

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional lead verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Stefan Unnasch is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

Zachary Zehr

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional **lead** verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that Zachary Zehr is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.

Richard W. Corey, Executive Officer  
California Air Resources Board

State of California  
AIR RESOURCES BOARD

EXECUTIVE ORDER H3-20-221

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

John Zhang

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional **lead** verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

NOW, THEREFORE, IT IS ORDERED, that John Zhang is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways and Alternative Fuel Transactions**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 6, 2021.

EXECUTIVE ORDER H3-20-141

Relating to the Accreditation as a Lead Verifier of Low Carbon Fuel Standard (LCFS) Data Reports  
Pursuant to Section 95502 Title 17, California Code of Regulations

Lei Zhu

WHEREAS, the California Air Resources Board (CARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the LCFS program contained in sections 95480-95503, title 17, California Code of Regulations;

WHEREAS, the LCFS program requires the use of independent verifiers for verification of LCFS data reports and establishes requirements for the accreditation of verification bodies and individual verifiers by CARB;

WHEREAS, the Executive Officer has determined that the verifier meets the LCFS verifier accreditation requirements in sections 95502(c)(1) through (2) and has met, as applicable, the training and exam requirements in section 95502(a) and (c)(3)(G);

WHEREAS, the Executive Officer has determined that the verifier meets the lead verifier requirements in section 95502(c)(3);

WHEREAS, the Executive Officer has determined **that the verifier meets** the additional **lead** verifier requirement for experience in alternative fuel production technology and process engineering, pursuant to section 95502(c)(4), to lead validation of Fuel Pathway Applications and verification of Fuel Pathway Reports;

WHEREAS, the Executive Officer has determined that the verifier meets the additional lead verifier requirement, pursuant to section 95502(c)(5), for accreditation under the **Mandatory GHG Reporting Regulation (MRR) as an oil and gas** systems specialist to lead verification services for Petroleum-Based Fuel Reports: Quarterly Fuels Transactions Reports submitted by producers and importers of gasoline or diesel, Crude Oil Quarterly and Annual Volumes Reports, and Project Reports as listed in section 95500(e);

NOW, THEREFORE, IT IS ORDERED, that Lei Zhu is accredited to conduct LCFS verification services as a **Lead LCFS Verifier for Fuel Pathways, Alternative Fuel Transactions, and Petroleum-Based Fuel Reports**, for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or regulated entity for each verification performed, and must provide verification services as specified in sections 95500-95503, title 17, California Code of Regulations.
2. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95503, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95502(a) that incorporates by reference MRR section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on January 16, 2020.
