Hi Angela,

I hope your staff enjoyed the boat tour. Thank you again for meeting with us to discuss setbacks we have seen with regards to infrastructure and supplying power to the Ports. Below is the link to the City of Los Angeles Department of Water and Power (LADWP) website that Dac was referring to during the meeting.

<https://www.ladwp.com/commercialcodes>

Click on "Electric Service Requirements Manual – 2018 Edition" at the top of the webpage for the document. From pages 1-10 to 1-17 (pages 12-19 in the file) LADWP has updated the document showing that they can no longer expect these usual service timelines.

During the boat tour, you had wanted a map of POLA. POLA has several maps on our website that includes a printable map and an interactive map of the various terminals and other operations here at POLA.
