Limited Partnership (Timber Products), with its principal location at 305 South Fourth Street, Springfield, Oregon 97477 (collectively, the "Parties," or individually, "Party").

### **LEGAL BACKGROUND**

- (1) Purpose. The California Health and Safety Code mandates the reduction of the emission of toxic air contaminants (TAC). CARB has determined that formaldehyde emissions from composite wood products is a TAC. (Health & Saf. Code §§ 39650, et seq.)
- (2) Regulation. CARB adopted the *Airborne Toxic Control Measure to Reduce Formaldehyde Emissions from Composite Wood Products* (Composite Wood Regulation) to reduce formaldehyde emissions from composite wood in the State of California. (Cal. Code Regs., tit.17, § 93120-93120.12.)
- (3) Regulatory Provisions. All manufacturers, distributors, importers, fabricators, third-party certifiers, and retailers of composite wood products (hardwood plywood, particleboard, and medium density fiberboard) and finished goods, who sell, offer for sale, supply, use, or manufacture for sale in California must comply with and take reasonably prudent precautions to ensure composite wood products and finished products comply with formaldehyde emissions limits set out in the Composite Wood Regulation (Cal. Code Regs., tit.17, § 93120 et seq.)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to ten thousand nine hundred ten dollars (\$10,910.00 USD) for strict liability violations; respectively, for each day in which the violation occurs. (Cal. Code Regs., tit. 17, § 93120 et seq.; Health & Saf. Code §§ 39674, 39675, 42400 et seq., 42402 et seq., and 42410.)

### **CASE BACKGROUND**

- (5) Corporate Entity. At all relevant times, Timber Products was organized under the laws of Oregon as a limited partnership and conducted business in the State of California.
- (6) Allegations. This Settlement Agreement settles Notice of Violation (NOV) CW21-08-04, which was issued on November 3, 2021. CARB alleges Timber Products violated the Composite Wood Regulation by fabricating between March 30, 2018, through January 6, 2021, hardwood plywood (HWPW) veneer core panels that were sold into California and were not third party certified, as outlined in Notice of Violation CW21-08-04. CARB alleges that if paragraphs 1

through 6 were proven, civil penalties could be imposed against Timber Products for each and every product involved in the violations and each day.

- (7) Acknowledgment. Timber Products admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations. The NOV was initiated by voluntary disclosure by Timber Products.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, Timber Products has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

### TERMS AND CONDITIONS

Timber Products shall make payment within 30 calendar days from the date CARB notifies Timber Products of the full execution of the Settlement Agreement.
- (10) Civil Penalty Payment Method. Timber Products shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to CARB, using instructions provided separately by CARB in a Payment Transmittal Form. Timber Products is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to Timber Products in accordance with Paragraph 15 (Notices).
- (11) SEP Payment Method(s). Timber Products shall fund the SEP by wire transfer, credit card, or check, payable to the SEP implementer/recipient, Tree Fresno using instructions provided separately by CARB in a Payment Transmittal Form.

- (13) Assignment of Rights. In the event the SEP Recipient/Administrator does not fully implement or complete the SEP in accordance with the terms of the SEP Agreement, CARB shall be entitled to recover the full amount of the SEP from the SEP implementer, less any amount expended on the timely and successful completion of any previously agreed upon interim milestone(s). CARB will deposit any such recovery into the Air Pollution Control Fund. Accordingly, Timber Products assigns any and all rights against the SEP implementer to CARB.

## PENALTY BASIS

- (31) Per Unit Penalty. The per unit penalty in this case is a maximum of ten thousand nine hundred ten dollars (\$10,910.00 USD) per unit per day under Health and Safety Code section 39674, for violations of the Composite Wood Regulation. The penalty of \$50,760.00 USD over 282 number of days of violation is for production of units for sale into California while noncompliant with certification requirements. The per day penalty in this case is approximately \$180.00 per day.
- (32) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. Timber Products voluntarily disclosed this violation to CARB, which was considered in setting the penalty amount. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.
- (33) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by Timber Products or confidential settlement communications.
- (34) Effect of Settlement/Reservation of Rights. The following shall apply:
- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
  - (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against Timber Products with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against Timber Products with respect to:
    - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.

- (ii) Facts that were not disclosed by Timber Products to CARB.
  - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
  - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
  - (v) Any criminal liability.
  - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, Timber Products shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.
- (d) This Settlement Agreement does not limit or affect the rights of Timber Products or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against Timber Products, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Timber Products is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; Timber Products' compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that Timber Products' compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
