

## **SETTLEMENT AGREEMENT**

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and Revlon Consumer Products Corporation (Revlon), with its principal location at 55 Water Street, New York, New York 10041 (collectively, the "Parties," or individually, "Party").

### **LEGAL BACKGROUND**

- (1) Purpose. The California Health and Safety Code mandates that CARB adopt regulations to achieve the maximum feasible reduction in volatile organic compounds (VOCs) by consumer products. (Health & Saf. Code § 41712.)
- (2) Regulation. CARB adopted the *Regulation for Reducing Emissions from Consumer Products* (Consumer Products Regulation) to reduce VOCs. (Cal. Code Regs., tit.17, §§ 94507 et seq.)
- (3) Regulatory Provisions. Any person who sells, supplies, offers for sale, or manufactures any consumer product for use in California shall comply with the standards set forth in the Consumer Products Regulation, including the VOC limit, ingredient prohibitions, labeling, reporting, displaying the date of manufacture, and other administrative requirements. (Cal. Code Regs., tit.17, §§ 94509–94515.) If anywhere on the container of any consumer product, the manufacturer represents that the product may be used or is suitable for a specific use in which a lower limit applies, the lowest applicable limit shall apply. (Cal. Code Regs., tit.17, § 94512(a).)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to eleven thousand seven hundred ten dollars (\$11,710.00 USD) for strict liability violations for each day in which the violation occurs. (Cal. Code Regs., tit.17, § 94507 et seq.; Health & Saf. Code §§ 39674, 39675, 42400 et seq., 42402 et seq., and 42410.)

### **CASE BACKGROUND**

- (5) Corporate Entity. At all relevant times, Revlon was organized under the laws of Delaware as a corporation and conducted business in the State of California.
- (6) Allegations. This Settlement Agreement settles Notice of Violation (NOV) CP-22-07-03, which was issued on July 21, 2022. CARB alleged Revlon violated the Consumer Products Regulation by selling, supplying, offering for sale, or manufacturing for use in California, the CR7 Cristiano Ronaldo product that is subject to and exceeded a VOC limit of 75 percent by weight for the personal fragrance (less than 20% fragrance) category and failing to display the date of manufacture. CARB alleges that if the allegations described in Paragraph 6 were

proven, civil penalties could be imposed against Revlon for each and every day the noncompliant product was sold, supplied, offered for sale, or manufactured for use in California.

- (7) Acknowledgment. Revlon admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, Revlon has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

### TERMS AND CONDITIONS

In consideration of CARB not filing a legal action against Revlon for the alleged violations referred to above in Paragraph 6, and in consideration of Revlon's agreement to complete all terms and conditions set forth below, CARB and Revlon agree as follows:

- (9) Settlement Amount. Revlon shall pay a civil penalty of six thousand dollars (\$6,000.00 USD). Revlon shall make all payments within 30 calendar days from the date CARB notifies Revlon of the full execution of the Settlement Agreement.
- (10) Civil Penalty Payment Method. Revlon shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to CARB, using instructions provided separately by CARB in a Payment Transmittal Form. Revlon is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. At the time of payment, Revlon shall provide CARB with confirmation of payment including the Payment Transmittal Form, via the email address provided in Paragraph 12 (Notices). CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to Revlon in accordance with Paragraph 12 (Notices).
- (11) Documents. Revlon shall promptly email the signed and dated Settlement Agreement directly to the CARB Investigator managing the settlement; or may mail the signed and dated Settlement Agreement to the address in Paragraph 12 (Notices).

- (22) Non-Waiver. - (27) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

### **PENALTY BASIS**

- (28) Per Unit Penalty. The strict liability per unit penalty in this case is a maximum of \$11,710.00 USD per violation per day under Health and Safety Code section 42400 et seq., and section 38580 for violations of the Consumer Products Regulation. In cases like this, involving unintentional violations of the Consumer Products Regulations where there are low VOC emissions or there is a labeling violation and the violator cooperates with the investigation, CARB has obtained penalties based on at least three days of violation. The per unit penalties in this case include \$1,000.00 per day over three days for the excess emissions violation, and \$1,000.00 per day over three days for the date code reporting violation, for a total penalty of \$6,000.00.
- (29) Emissions. The provisions cited above do prohibit emissions above a specified limit of 75 percent VOC by weight. Since CARB has alleged that the product did not meet the regulatory requirements, the emissions above the specified limit were excess and illegal.
- (30) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove

any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.

(31) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by Revlon or confidential settlement communications.

(32) Effect of Settlement/Reservation of Rights. The following shall apply:

- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
- (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against Revlon with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against Revlon with respect to:
  - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
  - (ii) Facts that were not disclosed by Revlon to CARB.
  - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
  - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
  - (v) Any criminal liability.
  - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, Revlon shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.

- (d) This Settlement Agreement does not limit or affect the rights of Revlon or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against Revlon, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Revlon is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; Revlon's compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that Revlon's compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
