

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and Walmart, Inc., through Sam's West Inc., dba Sam's Club, a division of Walmart (herein, Walmart), with its principal location at 702 SW 8th Street, Bentonville, Arkansas 72716 (collectively, the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) Purpose. The California Health and Safety Code mandates the reduction of emission of air pollution from off-road engines. (Health & Saf. Code §§ 43013; 43018.)
- (2) Regulation. CARB adopted the "*Evaporative Emission Requirements for Off-Road Equipment*" Regulation (Cal. Code Regs., tit. 13, §§ 2750-2774) (Evaporative Emissions Regulation) to reduce emissions of, inter alia, oxides of nitrogen (NO_x) and hydrocarbons (HC) from off-road spark-ignited small off-road engines (SORE) rated at equal to or less than 19 kilowatts, and equipment utilizing such engines.
- (3) Regulatory Provisions. The Evaporative Emissions Regulation requires all SORE engines that are manufactured for sale or lease for use or operation in California; sold, leased for use, or operation in California; or delivered or imported into California for introduction into commerce in California must be equipped with an evaporative emissions control system that is certified according to the certification requirements and procedures; meets the diurnal emission and design standards, fuel cap performance standards, and carbon canister size requirements, is properly tested following all required test procedures; is properly labeled; and meets all warranty requirements. (Cal. Code Regs., tit. 13, § 2750-2774.)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to five hundred sixty-six dollars (\$566.00 USD) for each strict liability violation of the Evaporative Emissions Regulation, respectively, for each noncompliant SORE engine, fuel line, fuel tank, carbon canister, or equipment. (Cal. Code Regs., tit.13, § 2772; Health & Saf. Code § 43016.)

CASE BACKGROUND

- (5) Corporate Entity. At all relevant times, Walmart was organized under the laws of Delaware as a corporation and conducted business in the State of California.
- (6) Allegations. This Settlement Agreement resolves Notice of Violation (NOV) C00716, which was issued on December 20, 2022. CARB alleges Sam's Club violated the Evaporative Emissions Regulation by selling in California, Simpson

branded pressure washers powered by SORE equipment for use in California, that failed to comply with the requirements of the Evaporative Emissions Regulation by failing to obtain an Executive Order pursuant to the certification requirements and protocols (Cal. Code Regs., tit. 13, § 2753), resulting in 138 violations, as outlined in Notice of Violation C00716. CARB alleges that if paragraphs 1 through 6 were proven, civil penalties could be imposed against Walmart for each and every unit involved in the violations and each day.

- (7) Acknowledgment. Walmart admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, Walmart has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

TERMS AND CONDITIONS

In consideration of CARB not filing a legal action against Walmart for the alleged violations referred to above in the Legal Background and Case Background, and Walmart's agreement to complete all terms and conditions set forth below, CARB and Walmart agree as follows:

- (9) Settlement Amount. Walmart shall pay a civil penalty of forty-one thousand four hundred dollars (\$41,400.00 USD). Walmart shall make all payments within 30 calendar days from the date CARB notifies Walmart of the full execution of the Settlement Agreement.
- (10) Civil Penalty Payment Method. Walmart shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to CARB, using instructions provided separately by CARB in a Payment Transmittal Form. Walmart is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to Walmart in accordance with Paragraph 13 (Notices).
- (11) Compliance Plan. Walmart has presented a corporate compliance plan in which Sam's Club will work with suppliers to flag non-California compliant items and will share the flagged visibility with their replenishment team to prevent future

occurrences. Sam's Club will also audit their SKU matrix more frequently to ensure only California compliant items are matched with California Sam's Clubs.

- (12) Documents. Walmart shall promptly email or mail the signed and dated Settlement Agreement directly to the CARB investigator handling the settlement at the address in Paragraph 13 (Notices) and shall provide confirmation of payment of the penalty with a copy of the Payment Transmittal Form(s) to the email address in Paragraph 13 (Notices).

This Settlement Agreement consists of 7 pages and 34 paragraphs.

- (22) Non-Discharge. It is further agreed that the penalties described in this Settlement Agreement are non-dischargeable under United States Code, title 11, section 523(a)(7), which provides an exception from discharge for any debt to the extent such debt is for a fine, penalty, or forfeiture payable to and for the benefit of a governmental unit.
- (23) Rules of Construction. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in interpreting this Settlement Agreement.
- (24) Non-Waiver. The failure to enforce any provision of this Settlement Agreement shall not be construed as a waiver of any such provision, nor prevent such Party thereafter from enforcing such provision or any other provision of this Settlement Agreement. The rights and remedies granted all Parties herein are cumulative and the election of one right or remedy by a Party shall not constitute a waiver of such Party's right to assert all other legal remedies available under this Settlement Agreement or otherwise provided by law.
- (25) Intent to be Bound. The Parties represent that: They have participated fully in the review and drafting of this Settlement Agreement; understand and accept all terms; enter into this Settlement Agreement freely and voluntarily; have had an opportunity to consult with legal counsel; are fully informed of the terms and effect of this Settlement Agreement; have agreed to this Settlement Agreement after independent investigation and agree it was not arrived at through fraud,

duress, or undue influence; and knowingly and voluntarily intend to be legally bound by this Settlement Agreement.

- (26) Venue. The Superior Court of California, located in the County of Sacramento, shall hear any dispute between the Parties arising from this Settlement Agreement.
- (27) Counterparts and Electronic Signatures. This Settlement Agreement may be executed in counterparts. Electronic, facsimile or photocopied signatures shall be considered as valid signatures.
- (28) Release. In consideration of full payment of the civil penalty, and all other undertakings above, CARB hereby releases Walmart and its principals, officers, receivers, trustees, successors and assignees, subsidiary and parent corporations, from any claims CARB may have based on the circumstances described in all paragraphs contained in the Case Background above.
- (29) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

PENALTY BASIS

- (30) Per Unit Penalty. The per unit penalty in this case is a maximum of five hundred sixty-six dollars (\$566.00 USD) per action under Health and Safety Code section 43016, for violations of the Evaporative Emissions Regulation. (Cal. Code Regs., tit.13, § 2772; Health & Saf. Code § 43016.) The penalty of \$41,400.00 over an unspecified number of days of violation is for 138 noncompliant equipment powered by SORE. The per unit penalty in this case is approximately \$300.00 per noncompliant unit.
- (31) Emissions. The provisions cited above do prohibit emissions above a specified level. Without information on usage and emission rates, it is not practicable to quantify the excess emissions. However, since CARB has alleged that the equipment powered by SORE did not meet the regulatory requirements, all of the emissions from it were excess and illegal.
- (32) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator;

and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.

- (33) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by Walmart or confidential settlement communications.
- (34) Effect of Settlement/Reservation of Rights. The following shall apply:
- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
 - (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against Walmart with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against Walmart with respect to:
 - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
 - (ii) Facts that were not disclosed by Walmart to CARB.
 - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
 - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
 - (v) Any criminal liability.
 - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
 - (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, Walmart shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised

by CARB in the subsequent proceeding were or should have been brought in the instant case.

- (d) This Settlement Agreement does not limit or affect the rights of Walmart or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against Walmart, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Walmart is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; Walmart's compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that Walmart's compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
