

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and Mercedes-Benz USA LLC (MBUSA), with its principal location at One Mercedes-Benz Drive, Sandy Springs, Georgia 30328, on behalf of Mercedes-Benz AG (MBAG) (the indirect parent company of MBUSA), with its principal location at Mercedesstrasse 120, 70372 Stuttgart, Germany. Solely for purposes of this Settlement Agreement, MBUSA and MBAG are collectively referred to hereinafter as "Mercedes-Benz." (CARB and Mercedes-Benz are collectively referred to as the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) Purpose. The California Health and Safety Code mandates CARB adopt regulations to achieve the maximum feasible reduction in volatile organic compounds (VOCs) by consumer products. (Health & Saf. Code § 41712.)
- (2) Regulation. CARB adopted the *Regulation for Reducing Emissions from Consumer Products* (Consumer Products Regulation) to reduce VOCs. (Cal. Code Regs., tit.17, §§ 94507 et seq.)
- (3) Regulatory Provisions. Any person who sells, supplies, offers for sale, or manufactures any consumer product for use in California shall comply with the Consumer Products Regulation, including the VOC limits, ingredient prohibitions, labeling, reporting, date of manufacture display requirements, and other administrative requirements. (Cal. Code Regs., tit. 17, §§ 94509–94515.) Manufacturers of a product subject to section 94509 must display on each consumer product container or package the day, month, and year on which the product was manufactured, or a code indicating such date. (Cal. Code Regs., tit.17, § 94512, subd. (b)(1).) Where the manufacturer uses a code indicating the date of manufacturer, the manufacturer must submit an annual explanation of the code to CARB. (Cal. Code Regs., tit.17, § 94512, subd. (c)(1).)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to eleven thousand seven hundred ten dollars (\$11,710.00 USD) for strict liability violations; respectively, for each day in which the violation occurs. (Cal. Code Regs., tit.17, § 94507 et seq.; Health & Saf. Code §§ 39674, 39675, 42400 et seq., 42402 et seq., and 42410.)

CASE BACKGROUND

- (5) Corporate Entity. At all relevant times, MBUSA was organized under the laws of Delaware as a foreign limited liability company and conducted business in the State of California.

- (6) Allegations. This Settlement Agreement settles Notice of Violation (NOV) AC22-11-04, which was issued on February 6, 2023. CARB alleged Mercedes-Benz violated the Consumer Products Regulation by selling, supplying, offering for sale, or manufacturing for use in California, "Mercedes-Benz Freeside Mood Interior Perfume," which failed to comply with administrative requirements as outlined in Notice of Violation AC22-11-04. CARB alleges that if the allegations described in Paragraph 6 were proven, civil penalties could be imposed against Mercedes-Benz for each and every day the noncompliant product was sold, supplied, offered for sale or manufactured for use in California.
- (7) Acknowledgment. Mercedes-Benz admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, Mercedes-Benz has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

Mercedes-Benz shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to the California Air Resources Board, using instructions provided separately by CARB in a Payment Transmittal Form. Mercedes-Benz is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. At the time payment is made, Mercedes-Benz shall email CARB proof of payment, including the Payment Transmittal Form, at the email address listed in Paragraph 12 (Notices). CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. PENALTY BASIS

- (28) Per Unit Penalty. The strict liability per unit penalty in this case is a maximum of \$11,710.00 per violation per day under Health and Safety Code section 42400 et seq., and section 38580 for violations of the Consumer Products Regulation. In cases like this, based on the specific factors as discussed in Paragraph 30, below, and when the violator has cooperated with the investigation, CARB has obtained penalties based on at least three days of violation. The per unit penalty in this case is for three days at \$1,000.00 per day of violation.
- (29) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative

efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.

(30) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by Mercedes-Benz or confidential settlement communications.

(31) Effect of Settlement/Reservation of Rights. The following shall apply:

- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
- (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against Mercedes-Benz with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against Mercedes-Benz with respect to:
 - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
 - (ii) Facts that were not disclosed by Mercedes-Benz to CARB.
 - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
 - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
 - (v) Any criminal liability.
 - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.

- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, Mercedes-Benz shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.
- (d) This Settlement Agreement does not limit or affect the rights of Mercedes-Benz or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against Mercedes-Benz, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Mercedes-Benz is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; Mercedes-Benz compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that Mercedes-Benz compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
