

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and SK Shipping, with its principal location at 21st Fl., 416, Hangang-daero, Jung-gu, Seoul, Republic of Korea C.P.O Box 2732 (collectively, the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) **Purpose.** The California Health and Safety Code mandates the reduction of the emission of toxic air contaminants (TAC). CARB has determined that particulate matter (PM) from diesel-fueled engines is a TAC. (Health & Saf. Code §§ 39650-39675.)
- (2) **Regulation.** CARB adopted the *Fuel Sulfur and Other Operational Requirements for Ocean-Going Vessels Within California Waters and 24 Nautical Miles of the California Baseline* (Low-Sulfur Fuel Regulation) to reduce diesel PM and criteria pollutant emissions from ocean going vessels. (Cal. Code Regs., tit. 13, § 2299.2; Cal. Code Regs., tit. 17, § 93118.2.)
- (3) **Regulatory Provisions.** Any person who owns, operates, charters, rents, or leases any ocean-going vessel that operates in Regulated California Waters must meet the operational requirements for fuel sulfur content limits for auxiliary diesel engines, main engines, and auxiliary boilers, as well comply with the recordkeeping, reporting, and monitoring requirements on noncompliance fee provision.
- (4) **Penalty Provisions.** Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to ten thousand dollars (\$10,000.00 USD) for strict liability violations, for each day in which the violation occurs. (Cal. Code Regs., tit. 13, § 2299.2; Cal. Code Regs., tit. 17, § 93118.2; Health & Saf. Code §§ 39674, 39675, 42400, et seq., 42402, et seq., and 42410.)

CASE BACKGROUND

- (5) **Corporate Entity.** At all relevant times, SK Shipping was incorporated under the laws of the Republic of Korea and conducted business in the State of California.
- (6) **Allegations.** This Settlement Agreement resolves Notice of Violation (NOV) OGV03282023_SKS, which was issued on May 15, 2023. CARB alleges SK Shipping violated the Low-Sulfur Fuel Regulation by failing to comply with the operational requirements on one voyage into Regulated California Waters by one vessel entering the Port of Long Beach, resulting in eleven days of violations, as outlined in Notice of Violation OGV03282023_SKS. CARB alleges that if paragraphs 1 through 6 were proven, civil penalties could be imposed against SK Shipping for each, and every vessel involved in the violations and each day.

- (7) Acknowledgment. SK Shipping admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, SK Shipping has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

TERMS AND CONDITIONS

In consideration of CARB not filing a legal action against SK Shipping for the alleged violations referred to above in the Legal Background and Case Background, and SK Shipping agreement to complete all terms and conditions set forth below, CARB and SK Shipping agree as follows:

- (9) Settlement Amount. SK Shipping shall pay a civil penalty of seventy-one thousand five hundred dollars (\$71,500.00 USD). SK Shipping shall make all payments within 30 calendar days from the date CARB notifies SK Shipping of the full execution of the Settlement Agreement.
- (10) Civil Penalty Payment Method. SK Shipping shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to the "California Air Resources Board," using instructions provided separately by CARB in a Payment Transmittal Form. SK Shipping is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. At the time of payment, SK Shipping shall provide CARB proof of payment and a copy of the Payment Transmittal Form at the email address listed in Paragraph 12 (Notices). CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to SK Shipping in accordance with Paragraph 12 (Notices).
- (11) Documents. SK Shipping shall promptly email the signed and dated Settlement Agreement directly to the CARB Enforcement Investigator handling the settlement, or may mail the signed and dated Settlement Agreement to the address in Paragraph 12 (Notices). - (16) Effective Date. The effective date shall be the date upon which this Settlement Agreement is fully executed.

- (20) Non-Discharge. It is further agreed that the penalties described in this Settlement Agreement are non-dischargeable under United States Code, title 11, section 523(a)(7), which provides an exception from discharge for any debt to the extent such debt is for a fine, penalty, or forfeiture payable to and for the benefit of a governmental unit.
- (21) Rules of Construction. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in interpreting this Settlement Agreement.
- (22) Non-Waiver. from any claims CARB may have based on the circumstances described in all paragraphs contained in the Case Background above.

- (27) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

PENALTY BASIS

- (28) Per Unit Penalty. The per unit or per vehicle penalty in this case is a maximum of ten thousand dollars (\$10,000.00 USD) per day under Health and Safety Code section 39674, for violations of the Low-Sulfur Fuel Regulation. (Cal. Code Regs., tit. 13, § 2299.2; Cal. Code Regs., tit. 17, § 93118.2.) The penalty of \$71,500.00 over eleven days of violation is for one noncompliant vessel. The per unit penalty in this case is approximately \$6,500.00 per noncompliant day.
- (29) Emissions. The provisions cited above do not prohibit emissions above a specified level. Without information on engine usage and emission rates, it is not practicable to quantify the excess emissions. However, since CARB has alleged that the vessel(s) did not meet the regulatory requirements, all of the emissions from it were excess and illegal.
- (30) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.
- (31) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by SK Shipping or confidential settlement communications.
- (32) Effect of Settlement/Reservation of Rights. The following shall apply:
- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.

- (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against SK Shipping with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against SK Shipping with respect to:
- (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
 - (ii) Facts that were not disclosed by SK Shipping to CARB.
 - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
 - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
 - (v) Any criminal liability.
 - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, SK Shipping shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.
- (d) This Settlement Agreement does not limit or affect the rights of SK Shipping or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against SK Shipping, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. SK Shipping is responsible for achieving and maintaining compliance with all applicable

federal, State, and local laws, regulations, and permits; SK Shipping compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that SK Shipping compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
