(Cal. Code Regs., tit. 17, §§ 94509-94515.) If anywhere on the container of any consumer product, the manufacturer represents that the product may be used or is suitable for a specific use in which a lower limit applies, the lowest applicable limit shall apply. - (23) Rules of Construction. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in interpreting this Settlement Agreement.
- (24) Non-Waiver. - (29) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

PENALTY BASIS

- (30) Per Unit Penalty. The strict liability per unit penalty in this case is a maximum of \$11,710.00 per violation per day under Health and Safety Code section 42400, et seq., 38580 for violations of the Consumer Products Regulation. In this case,

there were 25 tons of excess VOC emissions emitted over a two and half year time period. The total penalty was determined based on specific factors as discussed in Paragraph 32 below, resulting in a penalty amount of \$30,000. The penalty was significantly reduced due to financial hardship.

- (31) Emissions. The provisions cited in Paragraph 6 (Allegations) above do prohibit emissions above 0.5 percent by weight for the General Purpose Cleaner category. Since CARB has alleged that the product did not meet the regulatory requirements, the emissions above the specified limit were excess and illegal.
- (32) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.
- (33) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by Dr. Brite or confidential settlement communications.
- (34) Effect of Settlement/Reservation of Rights. The following shall apply:
- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
 - (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against Dr. Brite with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against Dr. Brite. with respect to:

- (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
 - (ii) Facts that were not disclosed by Dr. Brite to CARB.
 - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
 - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
 - (v) Any criminal liability.
 - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, Dr. Brite shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.
- (d) This Settlement Agreement does not limit or affect the rights of Dr. Brite or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against Dr. Brite except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Dr. Brite is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; Dr. Brite's compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that Dr. Brite's compliance with any aspect of this Settlement Agreement will

result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
