SETTLEMENT AGREEMENT AND RELEASE

This SETTLEMENT AGREEMENT AND RELEASE (hereinafter "Agreement") is entered into between the STATE OF CALIFORNIA AIR RESOURCES BOARD (hereinafter "ARB") 1001 I Street, Sacramento, California 95814, and J&D Meat Company (hereinafter "J&D"), P.O. Box 12051, Fresno, California 93776.

I. RECITALS

- (1) HSC §§ 39650-39675 mandate the reduction of the emissions of substances that have been determined to be toxic air contaminants. In 1998, following an exhaustive 10-year scientific assessment process, ARB identified particulate matter (PM) from diesel-fueled engines as a toxic air contaminant. Transport Refrigeration Units (TRU) are powered by diesel fueled engines that emit this toxic PM. TRUs are regulated under the Airborne Toxic Control Measure for In-Use Diesel-Fueled Transport Refrigeration Units and TRU Generator Sets, and Facilities Where TRUs Operate (TRU ATCM) as codified in 13 CCR § 2477.1 through 2477.21.
- (2) 13 CCR § 2477.5(a) provides that no owner/operator shall operate a TRU or TRU generator (gen) set in California unless it meets in-use performance standards established in § 2477.5.
- (3) ARB Enforcement Division has documented that J&D failed to bring the TRUs it operates in California into compliance with the in-use performance standards before the deadlines set forth in the regulation
- (4) Failure to bring the TRU fleet in compliance with applicable in-use performance standards. HSC § 39674 authorizes civil penalties of up to ten thousand dollars (\$10,000) for each day that the violation occurs.
- (5) In order to resolve these alleged violations, J&D has taken, or agreed to take, the actions enumerated below under "RELEASE". Further, ARB accepts this Agreement in termination and settlement of this matter.
- (6) In consideration of the foregoing, and of the promises and facts set forth herein, the parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed violations, and voluntarily agree to resolve this matter by means of this Agreement. Specifically, ARB and J&D agree as follows:

II. TERMS AND RELEASE

In consideration of ARB not filing a legal action against J&D for the alleged violations referred to above, and J&D's payment of the penalties set forth in Section 1 below, ARB and J&D agree as follows:

SETTLEMENT AGREEMENT AND RELEASE ARB and J&D Page 2 of 6

- Upon execution of this Agreement, the sum of five thousand four dollars (\$5,004.00) shall be paid on behalf of J&D no later than November 30 2017, as follows:
 - \$5,004.00 payable to the Air Pollution Control Fund

Please send the signed Settlement Agreement and any future mailings or documents required per the terms of this Settlement Agreement to:

Mr. Eric Bissinger Air Pollution Specialist California Air Resources Board Enforcement Division P.O. Box 2815 Sacramento, California 95812

Please send the payment along with the attached <u>Settlement Agreement</u> <u>Payment Transmittal Form (Attachment A)</u> to:

> California Air Resources Board Accounting Office P.O. Box 1436 Sacramento, California 95812-1436

- (2) If the Attorney General files a civil action to enforce this settlement agreement, J&D shall pay all costs of investigating and prosecuting the action, including expert fees, reasonable attorney's costs, and costs.
- (3) It is further agreed that the penalties described in "Terms and Release", paragraph 1 are punitive in nature, rather than compensatory. Furthermore, the penalty is intended to deter and punish J&D for violations of state environmental statutes, and these penalties are payable to and for the benefit of ARB, a governmental unit. Therefore, it is agreed that these penalties imposed on J&D by ARB arising from the facts described in recital paragraphs (1) through (4) are non-dischargeable under 11 United States Code § 523 (a)(7), which provides an exception from discharge for any debt to the extent such debt is for a fine, penalty or forfeiture payable to and for benefit of governmental unit, and is not compensation for actual pecuniary loss, other than certain types of tax penalties.
- (4) J&D shall not violate HSC §§ 43701 *et seq.*, 44011.6 *et seq.*, and 13 CCR §§ 2180 *et seq.*, 2190 *et seq.*, and 2485 *et seq.*
- (5) J&D shall not violate the Periodic Smoke Inspection Program (PSIP) as codified in 13 CCR § 2190.

- (6) J&D shall complete Low NOx Software Upgrades (reflash) on all applicable heavy-duty diesel engines operating in California and report to ARB within 45 days of this agreement.
- (7) J&D shall remain in compliance with the ECL regulation as codified in 13 CCR § 2183.
- (8) J&D shall instruct all employees who operate diesel-fueled vehicles to comply with the idling regulations set forth in 13 CCR § 2485, within 45 days of this Agreement.
- (9) J&D shall not violate the Truck and Bus regulation as codified in 13 CCR § 2025.
- (10) Within 60 days of the execution of this Agreement, J&D shall bring its fleet of TRUs operating in California in compliance with the applicable in-use performance standards as required by 13 CCR § 2477.5(a). J&D shall submit the proof of reporting in ARBER to Mr. Eric Bissinger, Air Pollution Specialist, California Air Resources Board, Enforcement Division, P.O. Box 2815, Sacramento, California 95812.
- (11) This Agreement shall apply to and be binding upon J&D, and its officers, directors, receivers, trustees, employees, successors and assignees, subsidiary and parent corporations and upon ARB and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Agreement.
- (12) This Agreement constitutes the entire agreement and understanding between ARB and J&D concerning the subject matter hereof, and supersedes and replaces all prior negotiations and agreements between ARB and J&D concerning the subject matter hereof.
- (13) No agreement to modify, amend, extend, supersede, terminate, or discharge this Agreement, or any portion thereof, is valid or enforceable unless it is in writing and signed by all parties to this Agreement.
- (14) Severability. Each provision of this Agreement is severable, and in the event that any provision of this Agreement is held to be invalid or unenforceable, the remainder of this Agreement remains in full force and effect.
- (15) This Agreement shall be interpreted and enforced in accordance with the laws of the State of California, without regard to California's choice-of-law rules.
- (16) This Agreement is deemed to have been drafted equally by the Parties; it will not be interpreted for or against either party on the ground that said party drafted it.

(17) Senate Bill 1402 (Dutton, Chapter 413, statutes of 2010) requires ARB to provide information on the basis for the penalties it seeks (HSC § 39619.7). This information, which is provided throughout this settlement agreement, is summarized here:

The manner in which the penalty amount was determined, including a per unit or per vehicle penalty.

Penalties must be set at levels sufficient to discourage violations. The penalties in this matter were determined in consideration of all relevant circumstances, including the eight factors specified in HSC §§ 42403 and 43024.

TRU Violations

The per unit penalty for the TRU violations involved in this case is a maximum of \$1,000 per unit per day for strict liability violations or \$10,000 per vehicle per day for negligent or intentional violations pursuant to HSC § 39674. The penalty obtained for the TRU violations involved in this case is \$5,004.00 for 9 noncompliant TRUs operated by J&D or \$556.00 for each violation.

The penalty was discounted based on the fact that this was a first time violation and the violator made diligent efforts to comply and to cooperate with the investigation.

The provision of law the penalty is being assessed under and why that provision is most appropriate for that violation.

TRU Violations

The penalty provision being applied for the TRU ATCM (13 CCR § 2477) violations (including registration and labeling) is HSC § 39674 because the TRU rule is an Air Toxic Control Measure adopted pursuant to authority contained in HSC §§ 39002 et seq., 39650-39675 and J&D, as an owner of TRUs, failed to bring all TRUs in its fleet into compliance by the deadlines set forth in the TRU ATCM and failed to register the TRUs in its fleet in ARBER.

Is the penalty being assessed under a provision of law that prohibits the emission of pollution at a specified level, and, if so a quantification of excess emissions, if it is practicable to do so.

TRU Violations

The provisions cited above do prohibit emissions above a specified level of g/hphr. However, since the hours of operation of the noncompliant TRUs involved and their individual emission rates are not known, it is not practicable to quantify the excess emissions.

- (18) J&D acknowledges that ARB has complied with Senate Bill 1402 in prosecuting or settling this case. Specifically, ARB has considered all relevant facts, including those listed at HSC § 43024, has explained the manner in which the penalty amount was calculated, has identified the provision of law under which the penalty is being assessed and has considered and determined that this penalty is being assessed under a provision of law that prohibits the emission of pollutants at a specified level.
- (19) Penalties were determined based on the unique circumstances of this matter, considered together with the need to remove any economic benefit from noncompliance, the goal of deterring future violations and obtaining swift compliance, the consideration of past penalties in similar cases, and the potential costs and risk associated with litigating these particular violations. Penalties in future cases might be smaller or larger on a per unit basis.
- (20) The penalty was based on confidential settlement communications between ARB and J&D that ARB does not retain in the ordinary course of business. The penalty is the product of an arms length negotiation between ARB and J&D and reflects ARB's assessment of the relative strength of its case against J&D, the desire to avoid the uncertainty, burden and expense of litigation, obtain swift compliance with the law and remove any unfair advantage that J&D may have secured from its actions.
- (21) Now therefore, in consideration of the payment on behalf of J&D to the Air Pollution Control Fund, ARB hereby releases J&D and their principals, officers, agents, predecessors and successors from any and all claims, ARB may have or have in the future based on the circumstances described in paragraphs (1) through (4) of the Recitals. The undersigned represent that they have the authority to enter into this Agreement.
