

**State of California
AIR RESOURCES BOARD**

EXECUTIVE ORDER G-24-017

Relating to Certification of Small Containers of Automotive Refrigerant

For AC Avalanche LLC

**Brand: Blaster
Model: BLA110ACA**

WHEREAS, the California Air Resources Board (CARB) has established, pursuant to California Health and Safety Code sections 38501, 38510, 38560, 38560.5, 38580, 39600 and 39601, criteria for obtaining certification of small containers of automotive refrigerant in "Certification Procedures for Small Containers of Automotive Refrigerant," last amended April 13, 2017, incorporated by reference into Title 17, California Code of Regulations sections 95362(b), 95365(c), 95366(e), and 95368(d);

WHEREAS, the "Certification Procedures for Small Containers of Automotive Refrigerant," last amended April 13, 2017 (hereinafter "Certification Procedures"), incorporated by reference into Title 17, California Code of Regulations sections 95362(b), 95365(c), 95366(e), and 95368(d) requires that an application for certification include test data from each test specified in CARB Test Procedure TP-503: "Test Procedure for Leaks from Small Containers of Automotive Refrigerant."

WHEREAS, Section 1 of the Certification Procedures provides that an Executive Order will only be issued for a small container of automotive refrigerant that demonstrates compliance with all applicable certification requirements;

WHEREAS, Section 3 of the Certification Procedures requires an applicant to submit specified information in its application for certification;

WHEREAS, AC Avalanche LLC has applied for certification of the following small container of automotive refrigerant: BLA110ACA (Blaster)

WHEREAS, AC Avalanche LLC has submitted data generated from each test specified in CARB Test Procedure TP-503: "Test Procedure for Leaks from Small Containers of Automotive Refrigerant," that demonstrates its BLA110ACA (Blaster) small containers of automotive refrigerant comply with each requirement specified in Section 2.1 of the Certification Procedures;

WHEREAS, AC Avalanche LLC has submitted the bill of materials and engineering drawings of BLA110ACA (Blaster) small containers of automotive refrigerant that specify the dimensions specific to those small containers of automotive refrigerant;

WHEREAS, AC Avalanche LLC has submitted a sample of BLA110ACA (Blaster) small containers of automotive refrigerant;

WHEREAS, AC Avalanche LLC has submitted all of the information specified by Sections 2.2 through 2.4 of the Certification Procedures in its application for certification of its BLA110ACA (Blaster) small containers of automotive refrigerant;

WHEREAS, AC Avalanche LLC has submitted a signed proposal in response to CARB's inquiry involving the effectiveness of the recycling program, which contains the following actions:

1. AC Avalanche LLC will work with the Auto Care Council to provide information to both the public and retail stores.
2. AC Avalanche LLC will report can returns, including cans that are not their own.

WHEREAS, AC Avalanche LLC's application for certification of its BLA110ACA (Blaster) small containers of automotive refrigerant has been evaluated and found to comply with the criteria for the issuance of an executive order;

NOW THEREFORE, pursuant to the authority vested in the CARB by sections 38501, 38510, 38560, 38560.5, 38580, 39600, and 39601 of the Health and Safety Code, and pursuant to the authority vested in the undersigned by sections 39515 and 39516 of the Health and Safety Code;

IT IS ORDERED AND RESOLVED that BLA110ACA (Blaster) small containers of automotive refrigerant produced by AC Avalanche LLC, as described in AC Avalanche LLC's application for certification, are hereby certified to meet the performance standards and administrative requirements applicable to small containers of automotive refrigerant.

IT IS FURTHER ORDERED that this certification is subject to the following conditions:

1. Production containers must be in all material respects the same as those for which certification is granted and shall meet all the certification requirements;

2. AC Avalanche LLC must comply with the recycling reporting requirements specified in Title 17, California Code of Regulations section 95367, and demonstrate the effectiveness of additional actions proposed by AC Avalanche LLC and assess if additional actions are needed to improve the recycling program;
3. AC Avalanche LLC must comply with the recordkeeping requirements specified in Title 17, California Code of Regulations section 95369;
4. Any modification to the design or specifications of a small container of automotive refrigerant certified hereby is prohibited and is inconsistent with this certification, unless said modification has been previously approved by the Executive Officer or his or her designee;

IT IS FURTHER ORDERED that the Executive Officer may enjoin sales, assess penalties, or revoke or modify this certification as provided in Title 17, California Code of Regulations section 95368 if the Executive Officer determines that BLA110ACA (Blaster) small containers of automotive refrigerant available for sale in California does not meet the certification requirements including the testing in accordance with Test Procedure TP-503, Test Procedure for Leaks from Small Containers of Automotive Refrigerant, last amended April 13, 2017.

Executed at Sacramento, California, this 23 day of February, 2024.
