

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and iAIRE, LLC (iAIRE), with its principal location at 8122 Dean Road, Indianapolis, Indiana 46240 (collectively, the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) Purpose. The California Health and Safety Code mandates CARB adopt regulations to protect public health from ozone emitted by indoor air cleaning devices, including medical and nonmedical devices used in occupied spaces. (Health & Saf. Code § 41986.)
- (2) Regulation. CARB adopted the *Regulation for Limiting Ozone Emissions From Indoor Air Cleaning Devices* (Indoor ACD Regulation) to create standards for indoor air cleaning devices. (Cal. Code Regs., tit. 17, §§ 94800 et seq.)
- (3) Regulatory Provisions. Any person who manufactures for use in California, sells, supplies, offers for sale, or introduces into commerce in California, any indoor air cleaning device shall comply with the standards set forth in the Indoor ACD Regulation, including the ozone emission concentration standards; certification requirements; test methods; labeling and safety mark; notice; recordkeeping; or other administrative requirements. (Cal. Code Regs., tit. 17, §§ 94802-94809.)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to eleven thousand seven hundred ten dollars (\$11,710.00 USD) for strict liability violations; respectively, for each day in which the violation occurs. (Cal. Code Regs., tit. 17, § 94800 et seq.; Health & Saf. Code §§ 42400 et seq., 42402 et seq., and 42410.)

CASE BACKGROUND

- (5) Corporate Entity. At all relevant times, iAIRE was organized under the laws of Indiana as a domestic limited liability company, and conducted business in the State of California.
- (6) Allegations. CARB alleges that iAIRE violated the Indoor ACD Regulation by failing to display the required sales advisory on webpages advertising the Ion Generator for AHUs, Heating, and AC Units, that is an indoor air cleaning device and subject to an ozone emission concentration limit of 0.050 parts per million (ppm) as outlined in Notice of Violation AC23-08-04. CARB alleges that if paragraphs 1 through 6 were proven, civil penalties could be imposed against iAIRE for each and every indoor air cleaning device involved in the violations and each day.

- (7) Acknowledgment. iAIRE admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, iAIRE has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

TERMS AND CONDITIONS

In consideration of CARB not filing a legal action against iAIRE for the alleged violations referred to above in the Legal Background and Case Background, and iAIRE's agreement to complete all terms and conditions set forth below, CARB and iAIRE agree as follows:

- (9) Settlement Amount. iAIRE shall pay a civil penalty of three thousand dollars (\$3,000.00 USD). iAIRE shall make all payments within thirty (30) calendar days from the Notification Date.
- (10) Notification Date. The date upon which CARB notifies iAIRE according to Paragraph 13 (Notices), that the Settlement Agreement is fully executed or when CARB sends the fully executed Settlement Agreement to iAIRE.
- (11) Civil Penalty Payment Method. iAIRE shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to the "California Air Resources Board," using instructions provided separately by CARB in a Payment Transmittal Form. iAIRE is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to iAIRE in accordance with Paragraph 13 (Notices).
- (12) Documents. iAIRE shall promptly email or mail the signed and dated Settlement Agreement to the address or email in Paragraph 13 (Notices).

PENALTY BASIS

- (29) Per Unit Penalty. The penalty of \$3,000.00 this case is \$1,000.00 per day over 3 days.
- (30) Emissions. The provisions cited in Paragraph 6 (Allegations) above do not prohibit emissions above a specified level. The ozone emission standard is 0.050 ppm.
- (31) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.
- (32) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by iAIRE or confidential settlement communications.

- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
 - (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against iAIRE with respect to all matters not

- expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against iAIRE with respect to:
- (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
 - (ii) Facts that were not disclosed by iAIRE to CARB.
 - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.

 - (v) Any criminal liability.
 - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, iAIRE shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.
- (d) This Settlement Agreement does not limit or affect the rights of iAIRE or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against iAIRE, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. iAIRE is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; iAIRE compliance with this Settlement Agreement shall not be a defense to any action commenced

pursuant to any such laws, regulations, or permits.
