

Evening Community Meeting: Clean Transportation Incentives for a Cleaner California

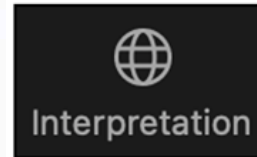

- Public Workgroup Meeting
 - March 19, 2024

Welcome! ¡Bienvenidos!

Simultaneous interpretation is being provided – English speakers may need to select English as their language.

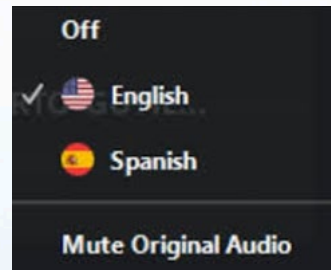

Accessing Zoom from a computer

- Click the globe icon located at the bottom of the screen
- Choose **English**

Accessing Zoom from a smart phone

- Click the **3 dots (more)** on the bottom right side of the screen
- Choose **Language Interpretation**
- Choose **English**
- Press **Done** on the top right side of the screen

Interpretación simultánea al español disponible – los hispanohablantes deben seleccionar su idioma.

Entrando a Zoom por computadora

- Haga clic en el símbolo del globo terráqueo en la parte inferior de la pantalla
- Selecciona **Español**
- Apague el **Audio Original** (para solo escuchar una voz)

Entrando a Zoom por un teléfono inteligente

- Haga clic en los **3 puntos** encima de la palabra **more o más** en la parte inferior derecha de la pantalla
- Selecciona **Interpretación**
- Selecciona **Español**
- Haga clic en **Done** o **Finalizar** arriba y de lado derecho de la pantalla

Meeting Agreements

- Be respectful
- Take space, make space
- Listen to understand
- Strive to follow an equity approach when helping to strategize solutions for our clean transportation incentive programs
 - Equity recognizes that advantages and barriers exist, and that, as a result, we do not all start from the same place

Community Evening Meetings

- Monthly community meetings will provide a space for community members across the state to engage with California Air Resources Board staff.
- Community Meeting Goals
 - Hold a platform for community voices and their priorities
 - Brainstorm solutions for clean transportation needs
 - Highlight the most important information for communities
 - Continuous two-way communication between staff and communities

How to Participate

- Attend Monthly Community Evening Meetings
- Fill out the community survey
- Meet with California Air Resources Board staff one-on-one

Today's Agenda

Time	Session
5:00 – 5:10 p.m.	Introduction
5:10 – 5:40 p.m.	Cap-and-Trade Auction Proceeds Fifth Triennial Investment Plan Development Process. <i>Qian Mitloehner and Sierra Maciorowski</i>
5:40 – 6:00 p.m.	Statewide Clean Cars 4 All and Financing Assistance. <i>Tiffanni Nguyen and Michael Litwin</i>
6:00 – 6:05 p.m.	Break
6:05 – 6:15 p.m.	Clean Transportation Regional Outreach Coordinators. <i>Larry Rillera</i>
6:15 – 6:55 p.m.	Community Question & Answer Session
6:55 – 7:00 p.m.	Wrap-up and next steps

Comments and Questions

Use the raised hand function (#2 if calling in by phone)

Please state your name and affiliation, if any, before asking a question or making a comment.

Cap-and-Trade Auction Proceeds Fifth Triennial Investment Plan

California Climate Investments Overview

Overview of California Climate Investments using Cap-and-Trade Auction Proceeds

Administering Agencies

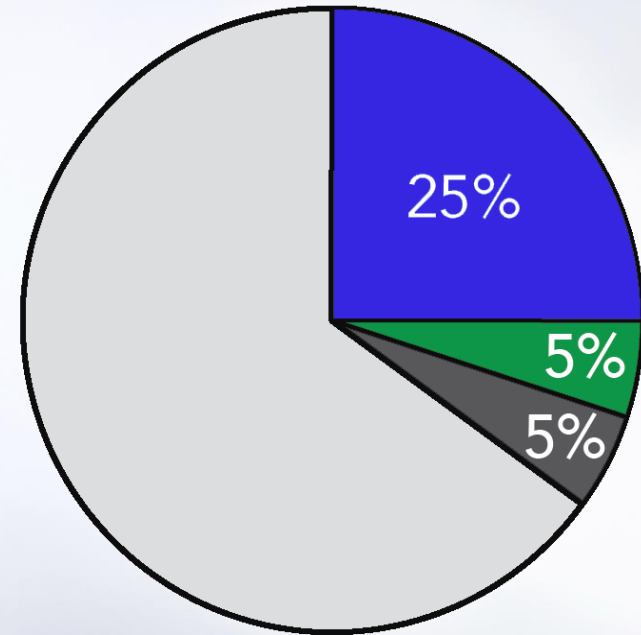

Cap and Trade Dollars at Work

Priority Populations

- Assembly Bill 1550
 - Disadvantaged communities (25%)
 - Low-income communities and households (5%)
 - Low-income communities and households within ½ mile of disadvantaged communities (5%)
- CARB sets investment targets for programs
- 74% of project dollars benefit priority populations

Cumulative Project Achievements

98.0 million metric tons carbon dioxide equivalent estimated greenhouse gas emissions reduction

1,079 transit agency projects funded, adding or expanding transit service

11,402 affordable housing units under contract

217,763 urban trees

928,000+ acres of land conservation or restoration

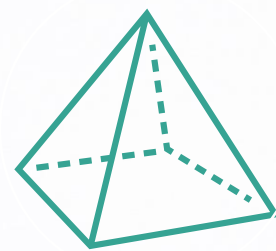

415,900+ rebates issued for zero-emission and plug-in hybrid vehicles

Fifth Investment Plan Background

- Identify priority investments to achieve multi-faceted State goals
- Dept. of Finance, CARB, and other State agencies collaborate on Triennial Investment Plan (IP) development
- Staff currently developing Fifth IP (2025-26 through 2027-28), due to the Legislature by January 2025
- Priority investment types identified in the IP do not guarantee funding but rather provide guidance to the Legislature on potential funding priorities

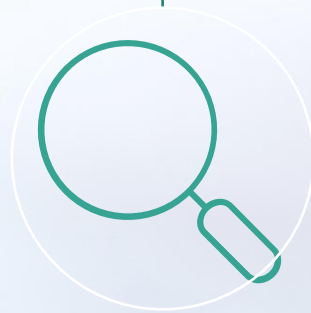

Information Sources for Developing Investment Plan Recommendations

Three key information sources

Literature review (e.g., State plans, legislation, reports)

Metrics development & data analysis

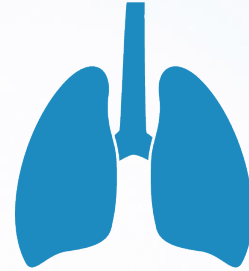

Outreach & engagement (e.g., public workshops, roundtables)

Guiding Principles

Carbon
Neutrality

Public Health

Resilience

Resident Cost
Savings

Job Training

Jobs Provided

Integrating High-Road
Workforce Policies

Air Pollutant
Reductions

Food & Drinking
Water Access

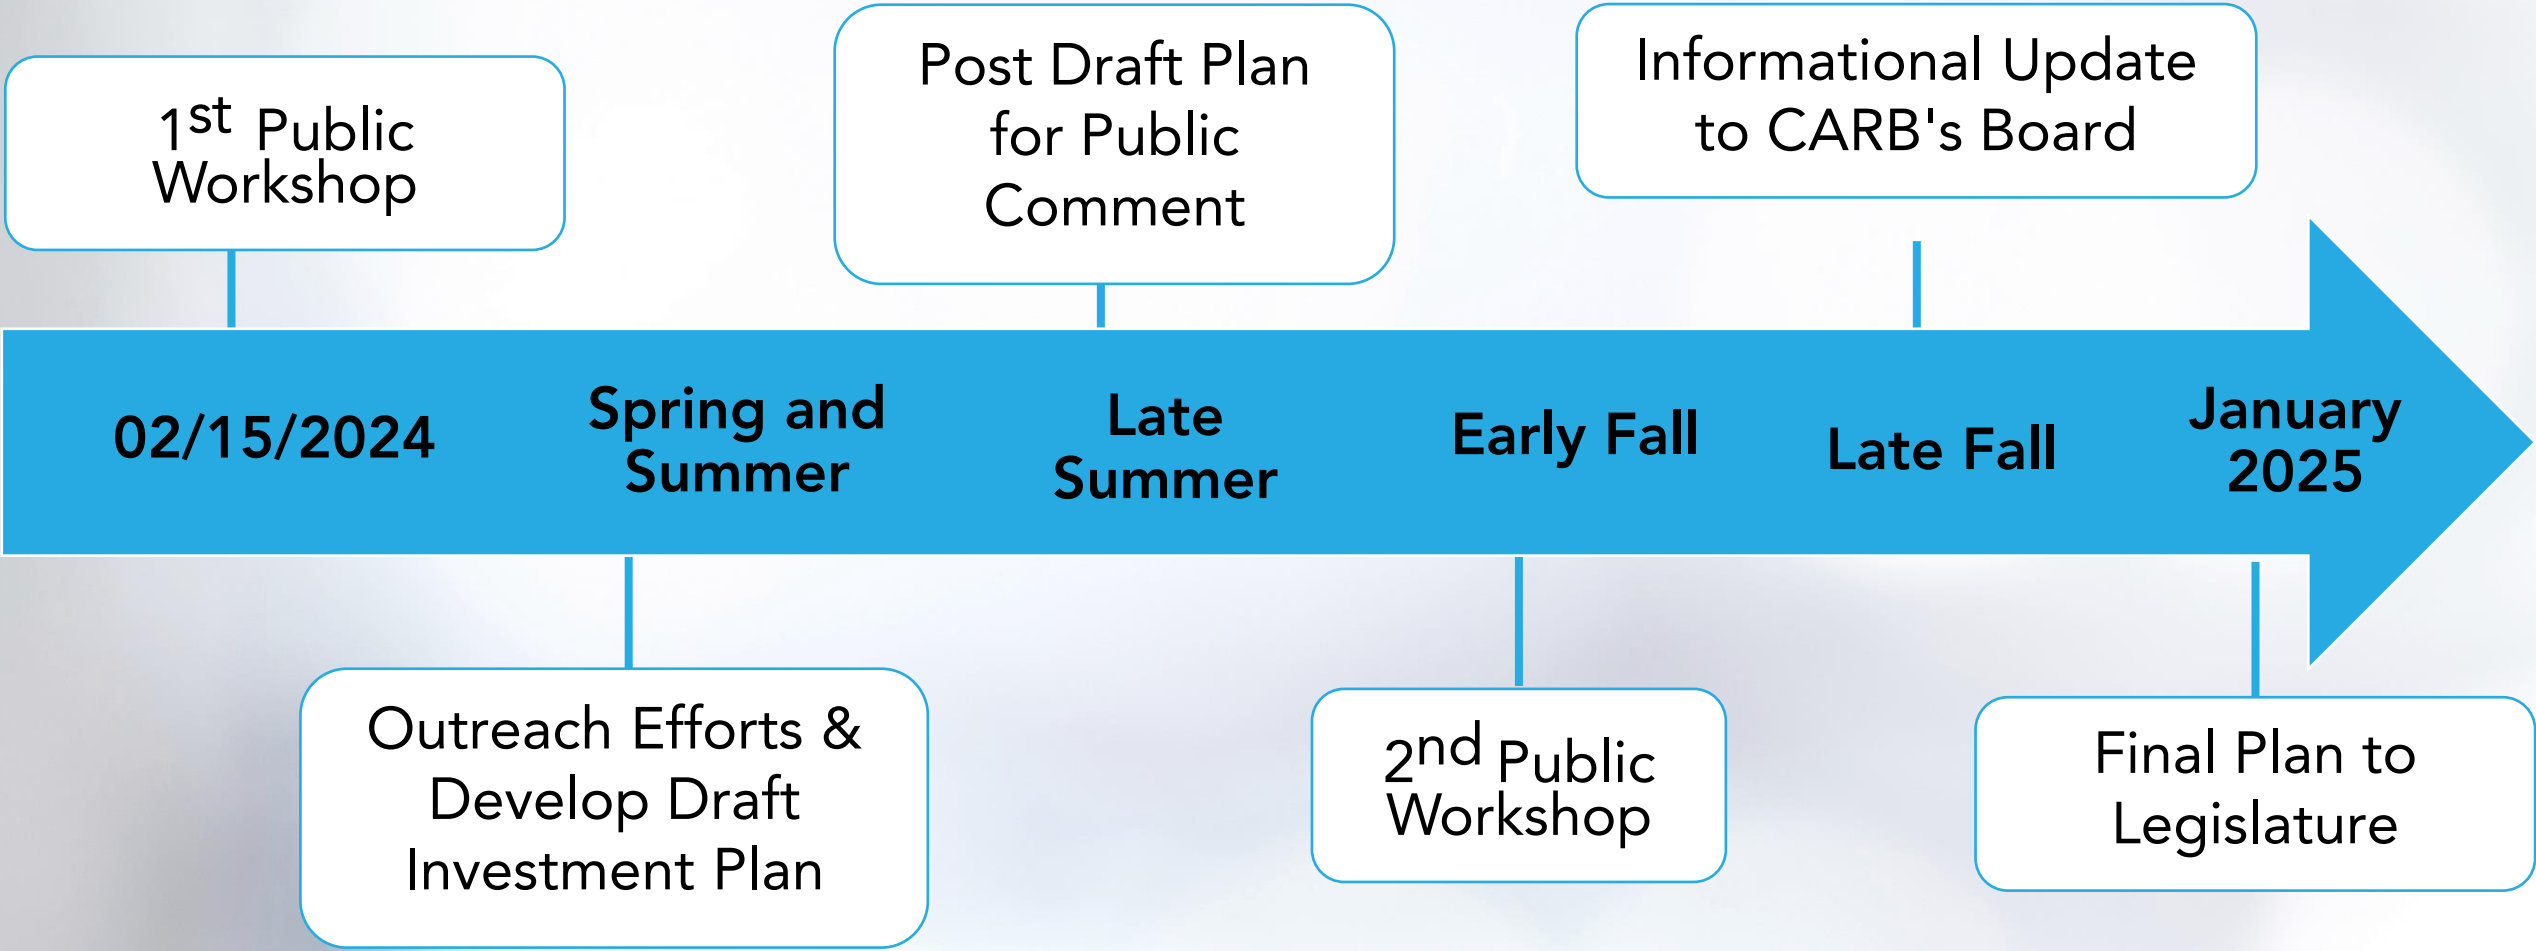

Partnering with Tribes

Multi-disciplinary
Projects

Leveraged Funding

Timeline for Investment Plan Development

Time to Share Your Perspectives

- What's important to you when thinking about the guiding principles?
- What are your thoughts on the proposed metrics to prioritize investments?
- What investment needs do you have in your communities?
- What are the investment gaps and priorities to advance the State's comprehensive climate, environmental, economic, and equity goals?

Comments and Questions

Use the raised hand function (#2 if calling in by phone)

Please state your name and affiliation, if any, before asking a question or making a comment.

Statewide Clean Cars 4 All and Financing Assistance

- Will provide a statewide Financing Assistance Program and expand the Clean Cars 4 All (CC4A) program to Air Districts that do not offer CC4A at the local level
- For Air Districts that have their own CC4A program
 - Collaboration opportunities
 - Cross promotion of programs & outreach support

Air District CC4A Program	Status
Replace Your Ride, South Coast Air Quality Management District	Open
Clean Cars for All, Bay Area Air Quality Management District	Open
Clean Cars 4 All, Sacramento Metropolitan Air Quality Management District	Open
Clean Cars 4 All, San Diego Air Pollution Control District	Open
Drive Clean in the San Joaquin, San Joaquin Air Pollution Control District	Open

March 19, 2024 Work Group Recap

- **Program Name:** Driving Clean Assistance Program
 - Program name originated from the local Financing Assistance pilot program, which was the inspiration behind the needs-based model of implementation that will be used in this new statewide program.
- **Regional Roll-Out Ideas**
 - Equity-based regional approach focusing on need & program burden by county:
 - Identify high-need counties in California & counties that experience a higher burden to participate in the program
 - Provide program services in these counties first, followed by others
 - Identify regional caps for incentive funding so that funding is available for all regions of California

Need Indicator Ideas & Options

- Indicators used to determine need by county:
 - Percentage of population that is 300% Federal Poverty Level or below
 - CalEnviroScreen scores
 - No current CARB-funded light-duty incentive program in area
 - Participation rates in previous CARB purchase incentive program

Program Burden Indicator Ideas & Options

- Indicators to determine program burden:
 - Public Electric Vehicle charging stations available per capita by county
 - Public Electric Vehicle charging stations planned by county
 - Distance to Bureau of Automotive Repair-certified dismantlers
 - Access to lending
 - New & used clean vehicle availability

Comments and Questions

Use the raised hand function (#2 if calling in by phone)

Please state your name and affiliation, if any, before asking a question or making a comment.

You may also email questions to cleantransportationincentives@arb.ca.gov

5-Minute Break
Return at 6:05 p.m.

Clean Transportation Regional Outreach Coordinators: Concept

- Awareness of clean transportation regulations, programs, and solutions
- Ongoing community outreach and engagement
- Participation in community and neighborhood events/meetings
- Six dedicated staff
- Three regions of the state

Comments and Questions
