

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and PureField Ingredients LLC (PureField), with its principal location at 1224 E. 15th Street, Russell, Kansas 67665 (collectively, the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) Purpose. The Global Warming Solutions Act of 2006 mandates CARB to adopt regulations to reduce greenhouse gas emissions and to enforce those regulations. (Health & Saf. Code §§ 38560, 38562, and 38580.)
- (2) Regulation. CARB adopted the *Low Carbon Fuel Standard* (LCFS Regulation) to incentivize innovative fuels that will reduce greenhouse gas emissions. (Cal. Code Regs., tit. 17, § 95480 et seq.)
- (3) Regulatory Provisions. Fuel pathway holders are defined as fuel pathway applicants that have received a certified fuel pathway carbon intensity based on site-specific data, including a provisional fuel pathway. Fuel pathway holders producing, selling, supplying or offering for sale transportation fuel into the State of California must submit an annual Fuel Pathway Report to CARB, which includes the fuel's operational carbon intensity, which must not exceed its certified carbon intensity. (Cal. Code Regs., tit. 17, §§ 95480-95503.)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to thirty-five thousand dollars (\$35,000.00 USD) for strict liability violations; twenty-five thousand dollars (\$25,000.00 USD) for entering false information, failing to keep any document, respectively, for each day in which the violation occurs; and \$1,000.00 per deficit. (Cal. Code Regs., tit. 17, § 95494; Health & Saf. Code §§ 38580, 42400 et seq., 42402 et seq., 43027, and 42410.)

CASE BACKGROUND

- (5) Corporate Entity. At all relevant times, PureField was organized under the laws of Delaware as a limited liability company.
- (6) Allegations. CARB alleges that at all relevant times, PureField was a fuel pathway holder as defined by the LCFS Regulation for the Reporting Year 2020, and produced, sold, supplied, or offered for sale, transportation fuel ethanol into the State of California and failed to maintain its verified operational carbon intensity below its certified carbon intensity, which did not conform to the requirements of the LCFS Regulation as outlined in the Notice of Violation F040921-PFI-CI. (Cal. Code Regs., tit. 17, § 95480 et seq.) CARB alleges that if paragraphs 1

through 6 were proven, civil penalties could be imposed against PureField for each and every day.

- (7) Acknowledgment. PureField admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, PureField has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

TERMS AND CONDITIONS

In consideration of CARB not filing a legal action against PureField for the alleged violations referred to above in the Legal Background and Case Background, and PureField's agreement to complete all terms and conditions set forth below, CARB and PureField agree as follows:

- (9) Settlement Amount. PureField shall pay a civil penalty of eighteen thousand dollars (\$18,000.00 USD). PureField shall make all payments in full within thirty (30) calendar days of the Notification Date.
- (10) Notification Date. The date upon which CARB notifies PureField according to Paragraph 13 (Notices), that the Settlement Agreement is fully executed or when CARB sends the fully executed Settlement Agreement to PureField.
- (11) Civil Penalty Payment Method. PureField shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to the "California Air Resources Board," using instructions provided separately by CARB in a Payment Transmittal Form. PureField is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to PureField in accordance with Paragraph 13 (Notices).
- (12) Documents. PureField shall promptly email or mail the signed and dated Settlement Agreement, to the CARB address or email listed in Paragraph 13 (Notices).

- (17) Effective Date. The effective date shall be the date upon which this Settlement Agreement is fully executed.

- (21) Non-Discharge. - (22) Rules of Construction. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in interpreting this Settlement Agreement.
- (23) Non-Waiver. The failure to enforce any provision of this Settlement Agreement shall not be construed as a waiver of any such provision, nor prevent such Party thereafter from enforcing such provision or any other provision of this Settlement Agreement. - (25) Venue. The Superior Court of California, located in the County of Sacramento, shall hear any dispute between the Parties arising from this Settlement Agreement.
- (26) Counterparts and Electronic Signatures. This Settlement Agreement may be executed in counterparts. Electronic, facsimile or photocopied signatures shall be considered as valid signatures.

- (27) Release. In consideration of full payment of the civil penalty, and all other undertakings above, CARB hereby releases PureField and its principals, officers, receivers, trustees, successors and assignees, subsidiary and parent corporations, from any claims CARB may have based on the circumstances described in Paragraph 6 (Allegations) above.
- (28) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

PENALTY BASIS

- (29) Per Unit Penalty. The per unit penalty in this case is a maximum of twenty-five thousand dollars (\$25,000.00 USD) per day under Health and Safety Code sections 38580 and 43027, for violations of the LCFS Regulation. (Cal. Code Regs., tit. 17, § 95494.) The penalty of eighteen thousand dollars (\$18,000.00 USD) is for 366 noncompliant days. CARB has considered all relevant facts, including, but not limited to, 188 credits erroneously generated, and those listed under Health and Safety Code section 43031(b). The per unit penalty in this case is approximately forty-nine dollars (\$49.00 USD) per noncompliant day.
- (30) Emissions. The provisions cited in Paragraph 6 (Allegations) above prohibit emissions above a specified level. Without additional information, it is not practicable to quantify the excess emissions. However, since CARB has alleged that PureField did not meet the regulatory requirements, all of the emissions from it were excess and illegal.
- (31) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.

- (32) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by PureField or confidential settlement communications.
- (33) Effect of Settlement/Reservation of Rights. The following shall apply:
- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
 - (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against PureField with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against PureField with respect to:
 - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
 - (ii) Facts that were not disclosed by PureField to CARB.
 - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
 - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
 - (v) Any criminal liability.
 - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
 - (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, PureField shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.
 - (d) This Settlement Agreement does not limit or affect the rights of PureField or of CARB against any third parties not covered by this Settlement Agreement,

nor does it limit the rights of third parties not covered by this Settlement Agreement against PureField, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.

- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. PureField is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; PureField's compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that PureField's compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
