

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and Oak Design Corporation (ODC), with its principal location at 13272 6th Street, Chino, California 91710 (collectively, the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) Purpose. The California Health and Safety Code mandates the reduction of the emission of toxic air contaminants (TAC). CARB has determined that formaldehyde emissions from composite wood products is a TAC. (Health & Saf. Code §§ 39650 et seq.)
- (2) Regulation. CARB adopted the *Airborne Toxic Control Measure to Reduce Formaldehyde Emissions from Composite Wood Products* (Composite Wood Regulation) to reduce formaldehyde emissions from composite wood in the State of California. (Cal. Code Regs., tit. 17, § 93120-93120.12.)
- (3) Regulatory Provisions. All manufacturers, distributors, importers, fabricators, third-party certifiers, and retailers of composite wood products (hardwood plywood, particleboard, and medium density fiberboard) and finished goods, who sell, offer for sale, supply, use, or manufacture for sale in California must comply with and take reasonably prudent precautions to ensure composite wood products and finished products comply with formaldehyde emissions limits set out in the Composite Wood Regulation. (Cal. Code Regs., tit. 17, § 93120 et seq.)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to twelve thousand one hundred eighty dollars (\$12,180.00 USD) for strict liability violations; respectively, for each day in which the violation occurs. (Cal. Code Regs., tit. 17, § 93120 et seq.; Health & Saf. Code §§ 39674, 39675, 42400 et seq., 42402 et seq., and 42410.)

CASE BACKGROUND

- (5) Corporate Entity. At all relevant times, ODC was organized under the laws of California as a corporation and conducted business in the State of California.
- (6) Allegations. CARB alleges that ODC violated the Composite Wood Regulation by distributing, fabricating, selling, or offering for sale between June 20, 2023, and June 22, 2023, composite wood products without labeling the composite wood products with a production date, as outlined in Notice of Violation CW24-01-03. CARB alleges that if paragraphs 1 through 6 were proven, civil

penalties could be imposed against ODC for each and every product involved in the violations and each day.

- (7) Acknowledgment. ODC admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, ODC has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

PENALTY BASIS

- (32) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility,

and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.

(33) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by ODC or confidential settlement communications.

 - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
 - (ii) Facts that were not disclosed by ODC to CARB.
 - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.

 - (v) Any criminal liability.
 - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, ODC shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res

judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.

- (d) This Settlement Agreement does not limit or affect the rights of ODC or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against ODC, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
