There is no new funding available for CMO at this time.

Background: *CARB's Clean Mobility Investments*

(Sustainable Community-Based Transportation Equity Projects)

Statewide Clean Mobility Options Voucher Pilot Program (CMO)

Small-scale, shared-mobility projects and community transportation needs assessments

Sustainable Transportation Equity Project (STEP)

Multifaceted clean transportation and supporting projects to address community transportation needs and reduce vehicle miles travelled

Clean Mobility in Schools (CMIS)

Clean transportation and education projects at K-12 public schools

Regional Clean Mobility Options Projects

Early pilots to provide shared mobility services

Planning and Capacity Building (Planning)

Community-led planning and capacity building projects and dedicated, localized technical assistance and outreach

CMO Program Overview

CMO provides funding in California's historically underserved communities, including tribes to:

- Develop and launch affordable clean mobility option projects to fill a community's transportation gaps and increase accessibility
 - Electric carsharing and vanpool
 - Active transportation (e.g., bikeshare)
 - Innovative transit services (on-demand electric shuttles)
 - Fixed-route transit services
- Meaningfully, inclusively engage residents throughout the process for community-led solutions
