

# **Collection of Agriculture Equipment Activity Data**

CARB Technical Seminar  
April 3, 2025

# Logistics Notice

- This seminar is being recorded. Recording will be posted on the project's [webpage](#).
- The final report is going through final formatting and remediation for accessibility. We expect to post it on the project's webpage a few days after the seminar.
- Q&A session will be after the presentation.

# The Speaker: Dr. Tom Durbin

Dr. Durbin is a Research Engineer in the emissions from advanced vehicles and fuels research group of College of Engineering's Center for Environmental Research and Technology (CE-CERT) at University of California, Riverside (UCR). He is an adjunct professor in the Chemical and Environmental Engineering Department of UCR, and a fellow of the SAE International. He is conducting research in the area of vehicle emissions with an emphasis on studying in-use emissions and activity, fuels, advanced technology vehicles, and particles. Prior to joining the vehicle emissions group, Dr. Durbin was involved in several other areas of research at CE-CERT including renewable energy and fuel sources and advanced vehicle technologies.
