

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and International Metals LLC, *dba* KP Kool Products (Kool Products), with its principal location at 21620 North 26th Avenue # 120, Phoenix, Arizona 85027 (collectively, the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) Purpose. The California Health and Safety Code mandates CARB to reduce emissions from vehicular and other mobile sources, including emissions of reactive organic gases, oxides of nitrogen, particulates, carbon monoxide, and toxic air contaminants through regulations of vehicle emission standards, in-use performance standards, and motor vehicle fuel specifications. (Health & Saf. Code §§ 43013, 43018.)
- (2) Regulation. CARB adopted certification standards, test procedures, and administrative requirements in its Portable *Fuel Containers and Spill-Proof Spouts Regulation* (Portable Fuel Container Regulation) to reduce emissions and spills from portable fuel containers. (Cal. Code Regs., tit. 13, § 2467 et seq.)
- (3) Regulatory Provisions. Any person who sells, supplies, offers for sale, advertises or manufactures for sale in California portable fuel containers or spouts or components, for use in California must certify these containers, spouts, or components for use and sale, obtain an executive order, and properly label the portable fuel container(s) or spout(s) with the month and year of manufacture and the CARB Executive Order number. (Cal. Code Regs., tit. 13, §§ 2467, 2467.2, 2467.5.)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to six hundred fifty-one dollars (\$651.00 USD) for each strict liability violation of the Portable Fuel Container Regulation, respectively, for each noncompliant portable fuel container, spout or component. (Cal. Code Regs., tit. 13, § 2467-2467.9; Health & Saf. Code § 43016.)

CASE BACKGROUND

- (5) Corporate Entity. At all relevant times, International Metals LLC was organized under the laws of Delaware as a limited liability company "doing business as" KP Kool Products and conducted business in the State of California.
- (6) Allegations. CARB alleges that Kool Products violated the Portable Fuel Container Regulation by selling, supplying, offering for sale, advertising or manufacturing for sale in California portable fuel containers for use in California,

and failing to obtain an Executive Order, resulting in 91 violations, as outlined in Notice of Violation EPES-2025-C00824. CARB alleges that if paragraphs 1 through 6 were proven, civil penalties could be imposed against Kool Products for each and every vehicle involved in the violations and each day.

- (7) Acknowledgment. Kool Products admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, Kool Products has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

Kool Products shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to the "California Air Resources Board," using instructions provided separately by CARB in a Payment Transmittal Form. Kool Products is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to Kool Products in accordance with Paragraph 13 (Notices).

- (25) Intent to be Bound. The Parties represent that: They have participated fully in the review and drafting of this Settlement Agreement; understand and accept all terms; enter into this Settlement Agreement freely and voluntarily; have had an opportunity to consult with legal counsel; are fully informed of the terms and effect of this Settlement Agreement; have agreed to this Settlement Agreement after independent investigation and agree it was not arrived at through fraud, duress, or undue influence; and knowingly and voluntarily intend to be legally bound by this Settlement Agreement.

- (29) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

PENALTY BASIS

- (30) Per Unit Penalty. The per unit penalty in this case is a maximum of six hundred fifty-one dollars (\$651.00 USD) per action under Health and Safety Code section 43016, for violations of the Portable Fuel Container Regulation. (Cal. Code Regs., tit. 13, § 2467-2467.9; Health & Saf. Code § 43016.) The penalty of \$3,276 is for 91 noncompliant portable fuel containers. The per unit penalty in this case is approximately \$36 per noncompliant unit.
- (31) Emissions. The provisions cited in Paragraph 6 (Allegations) above do not prohibit emissions above a specified level. Without information on usage and emission rates, it is not practicable to quantify the excess emissions.
- (32) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential

costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.

(33) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by Kool Products or confidential settlement communications.

(34) Effect of Settlement/Reservation of Rights. The following shall apply:

- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
- (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against Kool Products with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against Kool Products with respect to:
 - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
 - (ii) Facts that were not disclosed by Kool Products to CARB.
 - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
 - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
 - (v) Any criminal liability.
 - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, Kool Products shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.

- (d) This Settlement Agreement does not limit or affect the rights of Kool Products or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against Kool Products, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Kool Products is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; Kool Products' compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that Kool Products' compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
