Final Report: Community Air Protection Program  
Grant Agreement G22-CAPP-09  
Fiscal Year 2022/2023

1. Report Number – 2
2. Title – Community Air Protection Program Close-out Report
3. Name of Grantee – Feather River Air Quality Management District
4. Date of Submission – August 4, 2025
5. Grant Number – G22-CAPP-09
6. Costs associated with specific tasks –
  - A. The time period for this report is from November 15, 2023, through November 30, 2024, and includes staff time to complete the following tasks:
    - i. Forecasting pollutants and attending 1300/1400 calls
    - ii. Expanded community outreach
    - iii. Expanded pollutant monitoring network
    - iv. Emissions reporting
    - v. Tracking Expedited BARCT rule SIP submittal
    - vi. Administrative time and costs, including time management, recordkeeping, and billing.
    - vii. Management time period covers December 2023 to October 2024.
7. How grant is being used to meet the goals of Assembly Bill 617 – the FRAQMD staff have used the AB 617 grant to improve forecasting capabilities in the District where a large portion of the population is part of a disadvantaged or low-income community. The improvements provide better information to the communities about current and forecasted emissions. The forecasting service enables better meteorological forecasting capabilities and potential smoke impacts from the fires. The grant has also enabled the District to expand our public Wi-Fi access via Comcast during Board meetings and other public meetings so that our public meetings can be live streamed by the public or media. This increases accessibility to those that require translation services or are viewing remotely. This grant has also been used for District staff to participate in both the Emissions Inventory and BARCT working groups led by CARB. Participation in these groups included the review of draft documents, providing

comments and feedback, and updating District management. The District adopted amendments to Rule 3.22 in accordance with the Expedited BARCT Schedule and is tracking the approval process as EPA reviews the amended rule and considers for inclusion in the SIP.

8. Summary of work completed and in progress since the last progress report – Work has continued since last report submitted in November 2024 on the tasks listed in section 6.

9. Grant funds remaining and expended – The District requested a disbursement of \$54,131.00 on February 23, 2024. The District expended \$55,045.09.
