The California Air Resources Board (CARB) requires that applications be accurate, complete, and clearly written. If a project is selected for funding, the application will be incorporated into the grant agreement, and portions of it may be included directly in the body of the agreement. Applications are considered a commitment to carry out the proposed project and are not a starting point for negotiating the final scope.

Instructions

Complete the Application Template (Appendix A) to apply for Community Planning and Capacity Building funds. Refer to this Request for Applications (RFA) for additional details. All sections of the template must be completed, all statements requiring signature must be signed and dated, and all required components must be included for the application to be scored.

Lead Applicants must email their signed application, and all required components listed in the Application Checklist to cleanmobility@arb.ca.gov no later than **11:59 pm (Pacific Time) on February 10, 2026** (the Application Deadline). No oral, telephone, facsimile, mailed, or hand-delivered applications will be accepted. If the application is too large to send in one email, Lead Applicants may send it in multiple emails and must note the total number of emails submitted in the body of each email.

CARB will confirm receipt of each application within one business day. Lead Applicants are strongly encouraged to submit applications at least one day before the deadline to avoid delays due to technical difficulties. Applications received after the deadline will not be accepted or reviewed.

Free technical assistance is available from the PCB Administrator team to support potential Applicants, including first-time and Tribal Applicants. See the section Technical Assistance in the RFA for details on how to access support.

CARB will host Question & Answer sessions during the application window. See the RFA section Q&A Sessions for more information.

The Lead Applicant must immediately inform CARB of any current, ongoing, or pending direct or indirect interests that do or could pose an actual, apparent, or potential conflict of interest with any of the Applicants’ abilities to fulfill the duties and responsibilities set out in this RFA or the Grant Agreement. These may include, but are not limited to, financial arrangements with or interest(s) with product manufacturers, equipment suppliers or vendors, infrastructure installers, fuel manufacturers, fuel or electricity retailers, vehicle or equipment component manufactures, or related organizations as well as membership in or financial arrangements with community-based organizations or committees or subcommittees. CARB may consider the nature and extent of any actual, potential, perceived, or apparent conflict of interest, including those discovered outside of the application, in evaluating, considering, or scoring the application, and may disqualify the Lead Applicant based on such actual, potential, perceived, or apparent conflict of interest at CARB’s sole discretion. Each Applicant must immediately advise CARB in writing of any potential new conflicts of interest.

By signing Section 11.E. Applicant Signatures, each Applicant represents, warrants, and agrees that all conflicts of interest, if any, have been fully disclosed to CARB in the submitted application; that they are in compliance with applicable state and federal conflict of interest laws at the time they submit this application and shall remain in compliance with all such laws during the RFA process, and, if selected, during the Grant Term; and that they will have no interest, and will not acquire any interest, direct or indirect, which will conflict with their ability to impartially perform under and complete the tasks described in this RFA.

Applicants may explain the nature of the allegations and present any defenses.

If the Applicants have no such claims of noncompliance against any of them, each Applicant shall so attest in the application by signing Section 11.E. Applicant Signatures. By signing, each Applicant represents, warrants, and agrees that all claims of noncompliance, if any, have been disclosed to CARB in the submitted application.

CARB may consider the nature and extent of any alleged or proven noncompliance with U.S. EPA, CARB, or California air district law, or failure to disclose any alleged noncompliance with U.S. EPA, CARB, or California air district laws, including those discovered outside of the application, in evaluating, considering, or scoring the application, and may disqualify the application based on such noncompliance, at CARB's sole discretion.

C. Attestation of Readiness

By signing Section 11.E. Applicant Signatures, each Applicant accepts the terms and conditions of the Sample Grant Agreement (Appendix B) in the same form, and is ready, willing, and able to comply with all such terms and conditions.

The application was not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The application is genuine and not collusive or a sham. Submittal of the application was not directly or indirectly induced by or solicited from any other applicant to put in a false or sham proposal. Each Applicant did not directly or indirectly collude, conspire, connive, or agree with any other applicant or anyone else to put in a sham application. Each Applicant did not in any manner

directly or indirectly seek by agreement, communication, or conference with anyone to fix the proposed fees or terms of the application or of any other application, or to fix any overhead, profit, or cost elements of the proposed fees or fee structure, or of that of any other applicant, or to secure any advantage against CARB or other applicants. All statements contained in the application are true and correct.
