

Are you compliant with California's Clean Truck Check?

Know your reporting and testing requirements.

Avoid a California DMV registration hold and other enforcement action. Comply with Clean Truck Check.

Clean Truck Check applies to almost all diesel, hybrid and alternative fuel vehicles with a GVWR over 14,000 pounds operating on-road in California including California registered motorhomes and agricultural vehicles.

[More Information](#)

Owners are required to:

- Report vehicles in [CTC-VIS](#)
- Pay the annual compliance fee
- Submit passing emissions compliance tests
