

REQUIREMENTS FOR PERSONAL (NON-COMMERCIAL) USE MOTORHOMES

Clean Truck Check is a CARB program to ensure emissions control equipment is operating properly for heavy-duty vehicles if your motor home is:

- Over 14,000 lbs. manufacturer's Gross Vehicle Weight Rating (GVWR)
 - The manufacturer's original GVWR label is commonly found on the vehicle's door jamb or on the inside of the door
- Non-gasoline
- Registered in California

STEPS FOR COMPLIANCE

1. Report in the Clean Truck Check Vehicle Inspection System (CTC-VIS) and create an account.
2. Pay annual compliance fees before due dates shown in your account.
3. Submit passing emissions compliance tests annually before the vehicle's due dates.

*Commercial motorhomes are subject to semi-annual testing.

Deadlines begin January 1, 2025
