EXECUTIVE ORDER W-25-014

Relating to CARB Approval of Third-Party Certifiers under
section 93120.4, title 17, California Code of Regulations

SGS Hong Kong Limited

Whereas, the California Air Resources Board (CARB) has adopted the "Airborne Toxic Control Measure to Reduce Formaldehyde Emissions from Composite Wood Products" (ATCM; title 17, California Code of Regulations, sections 93120-93120.12), which establishes formaldehyde emission standards for composite wood products;

Whereas, section 93120.3(b) of the ATCM requires that manufacturers of composite wood products must verify compliance with the formaldehyde emission standards by using a third-party certifier (TPC) approved by CARB;

Whereas, the ATCM requires TPCs to:

- 1) Verify the accuracy of the emission test procedures and facilities used by composite wood product manufacturers to conduct formaldehyde emission tests;

- 3) Provide independent audits and inspections;

Whereas, section 93120.4 of the ATCM sets forth the process for CARB's Executive Officer to approve TPCs;

Whereas, section 93120.4(b)(1) of the ATCM requires that applications to become a CARB-approved TPC must be submitted to the Executive Officer in writing and must contain:

- 1) Evidence of actual field experience in the verification of laboratories and wood products, to demonstrate how applicants will be able to competently perform the requirements for TPCs of composite wood products listed in section 93120.12, Appendix 3, of the ATCM;

Whereas, section 93120.4(b)(4) of the ATCM provides that the Executive Officer shall approve the application and issue an Executive Order if the evidence submitted by the applicant is sufficient to demonstrate that the applicant can competently perform the tasks specified in section 93120.12, Appendix 3, of the ATCM;

Whereas, SGS Hong Kong was issued Executive Order W-08-014, signed on November 12, 2008;

Whereas, section 93120.4(b)(4) of the ATCM specifies that Executive Orders have a duration of two years and allows CARB-approved TPCs to apply for re-approval by submitting an updated application;

Whereas, SGS Hong Kong has complied with section 93120.4(b)(4) of the ATCM every two years since being issued Executive Order W-08-014;

Whereas, SGS Hong Kong submitted an updated application on September 18, 2025; the application was deemed complete on November 25, 2025;

Whereas, the Executive Officer finds that the complete, updated application demonstrated the TPC's ability to continue to comply with section 93120.4(b)(1); and

Whereas, the Executive Officer approved SHS Hong Kong's updated application, and it is appropriate that Executive Order W-23-014, which was issued on December 7, 2023, be superseded by Executive Order W-25-014.
