

## **SETTLEMENT AGREEMENT**

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and Cymer, LLC (Cymer), with its principal location at 17075 Thornmint Court, San Diego, California 92127 (collectively, the "Parties," or individually, "Party").

### **LEGAL BACKGROUND**

- (1) Purpose. The Global Warming Solutions Act of 2006 mandates CARB to adopt regulations to reduce greenhouse gas emissions and to enforce those regulations. (Health & Saf. Code §§ 38560, 38562, and 38580). CARB is also mandated to reduce hydrofluorocarbon emissions by 40% below 2013 levels by 2030. (Health & Saf. Code § 39730.5.)
- (2) Regulation. CARB adopted the regulation, *Management of High-Global Warming Potential Refrigerants for Stationary Sources* (RMP Regulation) to reduce hydrofluorocarbon emissions from stationary, non-residential refrigeration equipment and from the installation and servicing of stationary refrigeration and air-conditioning appliances using high global warming potential (high-GWP) refrigerants. (Cal. Code Regs., tit. 17, §§ 95380-95398.)
- (3) Regulatory Provisions. Any person who owns or operates a stationary refrigeration system; or installs, repairs, maintains, services, replaces, recycles, or disposes of stationary refrigeration or air-conditioning appliances; or distributes or reclaims refrigerants with high-GWP, must comply with the applicable requirements of the RMP Regulation. (Cal. Code Regs., tit. 17, § 95381.)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to twelve thousand one hundred eighty dollars (\$12,180 USD) for strict liability violations for each day in which the violation occurs. (Cal. Code Regs., tit. 17, § 95380 et seq.; Health & Saf. Code §§ 38580, 42400 et seq., 42402 et seq., [42400.1, 42400.2, 42402.3], and 42410.)

### **CASE BACKGROUND**

- (5) Corporate Entity. At all relevant times, Cymer was organized under the laws of Nevada as a limited liability company and conducted business in the State of California.
- (6) Allegations. CARB alleges that Cymer violated the RMP Regulation by owning or operating a stationary refrigeration system after January 1, 2011, as defined by the RMP Regulation with a full charge of greater than 200 pounds but less than 2,000 pounds and failing to ensure that all detected refrigerant leaks are repaired within fourteen (14) days of its detection by a certified technician (Cal.

Code Regs., tit. 17, § 95386(a)) resulting in 694 days of violations. (Cal. Code Regs., tit. 17, § 95380 et seq.) CARB alleges that if paragraphs 1 through 6 were proven, civil penalties could be imposed against Cymer for each and every unit involved in the violations and each day.

- (7) Acknowledgment. Cymer admits to the facts in paragraphs 1 through 5 and admits that CARB has alleged the matters set forth in paragraph 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, Cymer has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

### **TERMS AND CONDITIONS**

In consideration of CARB not filing a legal action against Cymer for the alleged violations referred to above in the Legal Background and Case Background, and Cymer's agreement to complete all terms and conditions set forth below, CARB and Cymer agree as follows:

- (9) Settlement Amount. Cymer shall pay a civil penalty of two hundred sixty-one thousand six hundred fourteen dollars and eighty-seven cents (\$261,614.87 USD) and agrees to fund three Supplemental Environmental Projects (SEPs) entitled: Grab & Grow Gardens in the amount of nine thousand thirty-six dollars (\$9,036.00 USD); California Clean Air Day in the amount of ninety-nine thousand nine hundred fifty-eight dollars (\$99,958.00 USD); and Installation of Air Filtration Systems San Ysidro Unified School District in the amount of one hundred forty-nine thousand eight hundred ninety-one dollars and thirteen cents (\$149,891.13 USD), consistent with CARB's SEP Policy, for a total settlement of five hundred twenty thousand five hundred dollars (\$520,500.00 USD). Cymer shall make all payments within thirty (30) calendar days from the Notification Date.
- (10) Notification Date. The date upon which CARB notifies Cymer according to Paragraph 16 (Notices), that the Settlement Agreement is fully executed or when CARB sends the fully executed Settlement Agreement to Cymer, whichever shall occur first.
- (11) Civil Penalty Payment Method. Cymer shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to the "California Air Resources Board,"

using instructions provided separately by CARB in a Payment Transmittal Form. Cymer is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to Cymer in accordance with Paragraph 16 (Notices).

- (12) SEP Payment Methods. Cymer shall fund each SEP by wire transfer, credit card, or check, as acceptable, payable separately to each SEP Recipient/Administrator, using instructions provided by CARB in separate SEP Payment Transmittal Forms. Cymer is responsible for all payment processing fees. Payment to each SEP Administrator shall be accompanied by the applicable SEP Payment Transmittal Form to ensure proper application. Should payment instructions change, CARB will provide notice to Cymer in accordance with Paragraph 16 (Notices).
- (13) Prohibition Against Financial Benefit. Cymer has agreed that by funding the SEPs entitled Grab & Grow Gardens, California Clean Air Day, and Installation of Air Filtration Systems San Ysidro Unified School District, Cymer will not receive any direct or indirect financial benefit, and that whenever Cymer publicizes or refers to the SEP or the results of the SEP, Cymer will state that the SEP is being undertaken as part of the settlement of a CARB enforcement action.
- (14) Assignment of Rights. In the event the SEP Recipients/Administrators do not fully implement or complete the SEPs in accordance with the terms of the SEP Agreements, CARB shall be entitled to recover the full amount of the SEPs from the SEP Recipients/Administrators, less any amount expended on the timely and successful completion of any previously agreed upon interim milestone(s). CARB will deposit any such recovery into its Air Pollution Control Fund. Accordingly, Cymer assigns any and all rights against the SEP Recipients/Administrators to CARB.
- (15) Documents. Cymer shall promptly email or mail the signed and dated Settlement Agreement and SEPs to the address or email in Paragraph 16 (Notices).
- (16) Notices. Unless otherwise specified in this Settlement Agreement, whenever notifications, submissions, or communications are required by this Settlement Agreement, they shall be submitted in writing to the address or email below:

Any Party may, by written notice to the other Parties, change its designated notice recipient or notice address provided above. Notices submitted pursuant to this section shall be deemed submitted upon emailing or mailing.

- (17) Repeat Violations. Cymer agrees to comply with all regulatory requirements and acknowledges that repeat violations could result in increased penalties in the future.
- (18) Entirety. This Settlement Agreement constitutes the entire agreement and understanding between the Parties concerning the Case Background and supersedes and replaces any and all prior negotiations and agreements of any kind, whether written or oral, between the Parties concerning the Case Background hereof. This Settlement Agreement consists of 8 pages and 36 numbered paragraphs.
- (19) Binding Effect. This Settlement Agreement binds Cymer, and any principals, officers, receivers, trustees, successors and assignees, subsidiary and parent corporations and CARB and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Settlement Agreement.
- (20) Effective Date. The effective date shall be the date upon which this Settlement Agreement is fully executed.

- (21) Modification and Termination. No agreement to modify, amend, extend, supersede, terminate, or discharge this Settlement Agreement, or any portion thereof, is valid or enforceable unless it is in writing and signed by all Parties to this Settlement Agreement.
- (22) Severability. Each provision of this Settlement Agreement is severable, and in the event that any provision of this Settlement Agreement is held to be illegal, invalid or unenforceable in any jurisdiction, the remainder of this Settlement Agreement remains in full force and effect.
- (23) Choice of Law. This Settlement Agreement shall be interpreted and enforced in accordance with the laws of the State of California, without regard to California's choice-of-law rules.
- (24) Non-Discharge. It is further agreed that the penalties described in this Settlement Agreement are non-dischargeable under United States Code, title 11, section 523(a)(7), which provides an exception from discharge for any debt to the extent such debt is for a fine, penalty, or forfeiture payable to and for the benefit of a governmental unit.
- (25) Rules of Construction. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in interpreting this Settlement Agreement.
- (26) Non-Waiver. The failure to enforce any provision of this Settlement Agreement shall not be construed as a waiver of any such provision, nor prevent such Party thereafter from enforcing such provision or any other provision of this Settlement Agreement. The rights and remedies granted all Parties herein are cumulative and the election of one right or remedy by a Party shall not constitute a waiver of such Party's right to assert all other legal remedies available under this Settlement Agreement or otherwise provided by law.
- (27) Intent to be Bound. The Parties represent that: They have participated fully in the review and drafting of this Settlement Agreement; understand and accept all terms; enter into this Settlement Agreement freely and voluntarily; have had an opportunity to consult with legal counsel; are fully informed of the terms and effect of this Settlement Agreement; have agreed to this Settlement Agreement after independent investigation and agree it was not arrived at through fraud, duress, or undue influence; and knowingly and voluntarily intend to be legally bound by this Settlement Agreement.
- (28) Venue. The Superior Court of California, located in the County of Sacramento, shall hear any dispute between the Parties arising from this Settlement Agreement.

- (29) Counterparts and Electronic Signatures. This Settlement Agreement may be executed in counterparts. Electronic, facsimile or photocopied signatures shall be considered as valid signatures.
- (30) Release. In consideration of full payment of the civil penalty and SEP payment(s), and all other undertakings above, CARB hereby releases Cymer and its principals, officers, agents, receivers, trustees, successors and assignees, subsidiary and parent corporations, from any claims CARB may have based on the circumstances described in Paragraph 6 (Allegations) above.
- (31) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

### **PENALTY BASIS**

- (32) Per Unit Penalty. The per unit penalty in this case is a maximum of twelve thousand one hundred eighty dollars (\$12,180.00 USD) per day under Health and Safety Code section 38580 for violations of the RMP Regulation (Cal. Code Regs., tit. 17, § 95380 et seq.) The penalty of \$520,500.00 over 694 days of violation is approximately \$750 per noncompliant day.
- (33) Emissions. The provisions cited in Paragraph 6 (Allegations) above do not prohibit emissions above a specified level. Without more information, it is not practicable to quantify the excess emissions.
- (34) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.
- (35) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by Cymer or confidential settlement communications.

(36) Effect of Settlement/Reservation of Rights. The following shall apply:

- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
- (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against Cymer with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against Cymer with respect to:
  - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
  - (ii) Facts that were not disclosed by Cymer to CARB.
  - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
  - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
  - (v) Any criminal liability.
  - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, Cymer shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.
- (d) This Settlement Agreement does not limit or affect the rights of Cymer or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against Cymer, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant

any cause of action to, any third party not covered by this Settlement Agreement.

- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Cymer is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; Cymer's compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that Cymer's compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
