

## **SETTLEMENT AGREEMENT**

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and Advance Stores Company, Incorporated (Advance), with its principal location at 4200 Six Forks Road, Raleigh, North Carolina 27609 (collectively, the "Parties," or individually, "Party").

### **LEGAL BACKGROUND**

- (1) Purpose. In 1992, CARB identified tetrachloroethylene, also known as perchloroethylene (PCE), as a toxic air contaminant (TAC) for which there is no threshold exposure level below which no significant adverse health effects are anticipated. (Health & Saf. Code § 93000.) The California Health and Safety Code mandates CARB to adopt regulations to reduce the emissions of TACs from nonvehicular sources. (Health & Saf. Code § 39666(a).)
- (2) Regulation. CARB adopted the *Regulation for Reducing Emissions from Consumer Products* (Consumer Products Regulation) to, *inter alia*, prohibit TACs from brake cleaners. (Cal. Code Regs., tit. 17, § 94509(m)(1)(a).)
- (3) Regulatory Provisions. California Code of Regulations, title 17, section 93111(d)(1) provides that effective June 30, 2001, "no person shall sell, supply, offer for sale, or manufacture for sale in California any automotive consumer product that, at the time of sale or manufacture, contains methylene chloride, perchloroethylene or trichloroethylene."
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to twelve thousand five hundred and fifty dollars (\$12,550.00 USD) for strict liability violations for each day in which the violation occurs. (Cal. Code Regs., tit. 17, § 94507 et seq.; Health & Saf. Code §§ 39674, 39675, 42400 et seq., 42402 et seq., 42402.1, 42402.2, 42402.3, and 42410.)

### **CASE BACKGROUND**

- (5) Corporate Entity. At all relevant times, Advance was organized under the laws of Virginia as a stock corporation and conducted business in the State of California.
- (6) Allegations. CARB alleges that Advance violated the Consumer Products Regulation by selling, supplying, offering for sale, or manufacturing for use in California the product, CRC Brakleen, that meets the definition of "brake cleaner" found in California Code of Regulations, title 17, section 94508(a)(21), and contains a prohibited TAC, PCE as outlined in Notice of Violation CP25-05-01. CARB alleges that if the allegations described in Paragraph 6 were proven, civil penalties could be imposed against Advance for each and every day the

noncompliant product was sold, supplied, offered for sale or manufactured for use in California.

- (7) Acknowledgment. Advance admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, Advance has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

### **TERMS AND CONDITIONS**

In consideration of CARB not filing a legal action against Advance for the alleged violations referred to above in Paragraph 6, and in consideration of Advance's agreement to complete all terms and conditions set forth below, CARB and Advance agree as follows:

- (10) Notification Date. The date upon which CARB notifies Advance according to Paragraph 13 (Notices), that the Settlement Agreement is fully executed or when CARB sends the fully executed Settlement Agreement to Advance.
- (11) Civil Penalty Payment Method. Advance shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to the "California Air Resources Board," using instructions provided separately by CARB in a Payment Transmittal Form. Advance is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to Advance in accordance with Paragraph 13 (Notices).
- (12) Documents. Advance shall promptly email or mail the signed and dated Settlement Agreement to the address or email in Paragraph 13 (Notices).

- (22) Rules of Construction. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in interpreting this Settlement Agreement.
- (23) Non-Waiver. The failure to enforce any provision of this Settlement Agreement shall not be construed as a waiver of any such provision, nor prevent such Party thereafter from enforcing such provision or any other provision of this Settlement Agreement. - (28) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

### **PENALTY BASIS**

- (29) Per Unit Penalty. The strict liability per unit penalty in this case is a maximum of \$12,550.00 per violation per day under Health and Safety Code section 38580, section 39674, and section 42400 et seq., for violations of the Consumer Products Regulation. In cases like this, penalties are based on days of violation. The penalty in this case is for three days resulting in a penalty of \$3,750.
- (30) Emissions. The provisions cited in Paragraph 6 (Allegations) above do prohibit TAC emissions. Perchloroethylene is a prohibited TAC in the Brake Cleaner category, effective June 30, 2001. Since CARB has alleged that the product did not meet the regulatory requirements, the emissions above the specified limit were excess and illegal.
- (31) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels

sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.

(32) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by Advance or confidential settlement communications.

(33) Effect of Settlement/Reservation of Rights. The following shall apply:

- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
- (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against Advance with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against Advance with respect to:
  - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
  - (ii) Facts that were not disclosed by Advance to CARB.
  - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
  - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
  - (v) Any criminal liability.
  - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, Advance shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised

by CARB in the subsequent proceeding were or should have been brought in the instant case.

- (d) This Settlement Agreement does not limit or affect the rights of Advance or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against Advance, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Advance is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; Advance's compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that Advance's compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
