

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and Target Corporation (Target), with its principal location at 1000 Nicollet Mall, Minneapolis, Minnesota 55403 (collectively, the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) Purpose. The California Health and Safety Code mandates CARB adopt regulations to protect public health from ozone emitted by indoor air cleaning devices, including medical and nonmedical devices used in occupied spaces. (Health & Saf. Code § 41986.)
- (2) Regulation. CARB adopted the *Regulation for Limiting Ozone Emissions From Indoor Air Cleaning Devices* (Indoor ACD Regulation) to create standards for indoor air cleaning devices. (Cal. Code Regs., tit. 17, §§ 94800 et seq.)
- (3) Regulatory Provisions. Any person who manufactures, sells, supplies, offers for sale, or introduces into commerce in California, any indoor air cleaning device shall comply with the standards set forth in the Indoor ACD Regulation, including the ozone emission concentration standards not exceeding 0.050 parts per million (ppm); certification requirements; test methods; labeling and safety mark; notice; recordkeeping; or other administrative requirements. (Cal. Code Regs., tit. 17, §§ 94800-94809.)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to twelve thousand five hundred fifty dollars (\$12,550.00 USD) for strict liability violations for each day in which the violation occurs. (Cal. Code Regs., tit. 17, § 94800 et seq.; Health & Saf. Code §§ 42400 et seq., 42402 et seq., 42402.1, 42402.2, 42402.3, and 42410.)

CASE BACKGROUND

- (5) Corporate Entity. At all relevant times, Target was organized under the laws of Minnesota as a Business Corporation and conducted business in the State of California.
- (6) Allegations. CARB alleges that Target violated the Indoor ACD Regulation by selling, supplying, offering for sale, or introducing into commerce into California indoor air cleaning devices that were not certified by CARB, and failed to display the required website advisory for uncertified devices as outlined in Notice of Violation AC25-04-02. CARB alleges that if paragraphs 1 through 6 were proven,

civil penalties could be imposed against Target for each noncompliant unit and for each day of violation.

- (7) Acknowledgment. Target admits to the facts in paragraphs 1 through 6 but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, Target has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

TERMS AND CONDITIONS

In consideration of CARB not filing a legal action against Target for the alleged violations referred to above in the Legal Background and Case Background, and Target's agreement to complete all terms and conditions set forth below, CARB and Target agree as follows:

- (9) Settlement Amount. Target shall pay a civil penalty of five thousand nine hundred three dollars and fifty cents (\$5,903.50 USD), and agrees to fund a Supplemental Environmental Project (SEP) entitled Reforestation of Native Trees in Sacramento County in the amount of seven hundred eighty-seven dollars and fifty cents (\$787.50 USD), consistent with CARB's SEP Policy, for a total settlement of six thousand six hundred ninety-one dollars and no cents (\$6,691.00 USD). Target shall make all payments within thirty (30) calendar days from the Notification Date.
- (10) Notification Date. The date upon which CARB notifies Target according to Paragraph 16 (Notices), that the Settlement Agreement is fully executed or when CARB sends the fully executed Settlement Agreement to Target, whichever shall occur first.
- (11) Civil Penalty Payment Method. Target shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to the "California Air Resources Board," using instructions provided separately by CARB in a Payment Transmittal Form. Target is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions

change, CARB will provide notice to Target in accordance with Paragraph 16 (Notices).

- (12) SEP Payment Method. Target shall fund the SEP by wire transfer or check, payable to the SEP Recipient/Administrator, Sacramento Tree Foundation, using instructions provided separately by CARB in a SEP Payment Transmittal Form. Target is responsible for all payment processing fees. Payments shall be accompanied by the SEP Payment Transmittal Form to ensure proper application. Should payment instructions change, CARB will provide notice to Target in accordance with Paragraph 16 (Notices).
- (13) Prohibition Against Financial Benefit. Target has agreed that by funding the SEP entitled Reforestation of Native Trees in Sacramento County, Target will not receive any direct or indirect financial benefit, and that whenever Target publicizes or refers to the SEP or the results of the SEP, Target will state that the SEP is being undertaken as part of the settlement of a CARB enforcement action.
- (14) Assignment of Rights. In the event the SEP Recipient/Administrator does not fully implement or complete the SEP in accordance with the terms of the SEP Agreement, CARB shall be entitled to recover the full amount of the SEP from the SEP Recipient/Administrator, less any amount expended on the timely and successful completion of any previously agreed upon interim milestone(s). CARB will deposit any such recovery into the Air Pollution Control Fund. Accordingly, Target assigns any and all rights against the SEP Recipient/Administrator to CARB.
- (15) Documents. Target shall promptly email or mail the signed and dated Settlement Agreement to the address or email in Paragraph 16 (Notices).

Health and Safety Code section(s) 42400 et seq., for violations of the Indoor ACD Regulation. The penalty of \$6,691.00 over an unspecified number of days of violation is for noncompliant units.

- (33) Emissions. The provisions cited in Paragraph 6 (Allegations) above relate to certification and do not prohibit emissions above a specified level.
- (34) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.
- (35) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by Target or confidential settlement communications.

- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, Target shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.
- (d) This Settlement Agreement does not limit or affect the rights of Target or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against Target, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations.
