

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and Ormat Nevada Inc., with its principal location at 1010 Power Plant Drive, Reno, Nevada 89511, regarding Wister Solar PV Park, with its principal location at 8601 Wilkins Road, Niland, California 92257. Ormat Nevada Inc. and Wister Solar PV Park are collectively referenced herein as "ONI." (CARB and ONI are collectively, the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) Purpose. The Global Warming Solutions Act of 2006 mandates CARB to adopt regulations to reduce greenhouse gas emissions and to enforce those regulations. (Health & Saf. Code §§ 38560, 38562, and 38580).
- (2) Regulation. CARB adopted the "*Regulation for Reducing Greenhouse Gas Emissions from Gas-Insulated Equipment*" (SF₆ GIE Regulation) to achieve greenhouse gas (GHG) emission reductions from the operation of electrical equipment that uses a GHG as an insulating medium. (Cal. Code Regs., tit. 17, §§ 95350-95359.1.)
- (3) Regulatory Provisions. Any owner of gas-insulated equipment (GIE) must comply with the annual emissions rate and inventory measurement procedures, maintain records, and submit an annual report containing specific information to CARB by June 1 of each year. (Cal. Code Regs., tit. 17, § 95350 et seq.)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to five thousand eight hundred fifty-five dollars (\$6,275.00 USD) for strict liability violations, respectively, for each day in which the violation occurs. (Cal. Code Regs., tit. 17, § 95350 et seq.; Health & Saf. Code §§ 38580, 42400 et seq., 42402 et seq., 42410, and 42411.)

CASE BACKGROUND

- (5) Corporate Entity. At all relevant times, ONI was a Delaware corporation registered to do business in the State of California.
- (6) Allegations. CARB alleges that ONI violated the SF₆ GIE Regulation by being an owner of GIE that reported an exceedance of the maximum annual emissions limit (Cal. Code Regs., tit. 17, § 95353), and failed to maintain records in accordance with the reporting requirements (Cal. Code Regs., tit. 17, § 95355), as outlined in Notice of Violation SF6-2025-002. (Cal. Code Regs., tit. 17, § 95350 et seq.) CARB alleges that if paragraphs 1 through 6 were proven, civil

penalties could be imposed against ONI for each violation for each day and/or MTCO_{2e}.

- (7) Acknowledgment. ONI admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, ONI has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

TERMS AND CONDITIONS

In consideration of CARB not filing a legal action against ONI for the alleged violations referred to above in the Legal Background and Case Background, and ONI's agreement to complete all terms and conditions set forth below, CARB and ONI agree as follows:

- (10) Notification Date. The date upon which CARB notifies ONI according to Paragraph 13 (Notices), that the Settlement Agreement is fully executed or when CARB sends the fully executed Settlement Agreement to ONI, whichever occurs first.
- (11) Civil Penalty Payment Method. ONI shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to the "California Air Resources Board," using instructions provided separately by CARB in a Payment Transmittal Form. Payments must be accompanied by the Payment Transmittal Form to ensure proper application. ONI is responsible for all payment processing fees. CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to ONI in accordance with Paragraph 13 (Notices).
- (12) Documents. ONI shall promptly email or mail the signed and dated Settlement Agreement to the address or email in Paragraph 13 (Notices).

- (25) Venue. The Superior Court of California, located in the County of Sacramento, shall hear any dispute between the Parties arising from this Settlement Agreement.

- (26) Counterparts and Electronic Signatures. This Settlement Agreement may be executed in counterparts. Electronic, facsimile or photocopied signatures shall be considered as valid signatures.
- (27) Release. In consideration of full payment of the civil penalty and all other undertakings above, CARB hereby releases ONI and its principals, officers, receivers, trustees, successors and assignees, subsidiary and parent corporations, from any claims CARB may have based on the circumstances described in Paragraph 6 (Allegations) above.
- (28) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

PENALTY BASIS

- (29) Per Unit Penalty. The per unit penalty in this case is a maximum of six-thousand two hundred seventy-five dollars (\$6,275.00 USD) per day under Health and Safety Code section 38350 for violations of the SF₆ GIE Regulation (Cal. Code Regs., tit. 17, § 95350 et seq.). The penalty of \$170,000 covers thirty (30) days of reporting noncompliance at \$1,000.00 per day, and 50 MTCO_{2e} exceedance at \$2,800.00 per MTCO_{2e}.
- (30) Emissions. The provisions cited in Paragraph 6 (Allegations) above do prohibit emissions above a specified level. Without more information, it is not practicable to quantify the excess emissions. However, CARB alleges that ONI did not meet the regulatory requirements, making all of the emissions from it in excess and illegal under the regulation. ONI denies any liability resulting from said allegation, as indicated in Paragraph 7 (Acknowledgement).
- (31) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.

- (32) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by ONI or confidential settlement communications.
- (33) Effect of Settlement/Reservation of Rights. The following shall apply:
- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
 - (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against ONI with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against ONI with respect to:
 - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
 - (ii) Facts that were not disclosed by ONI to CARB.
 - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
 - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
 - (v) Any criminal liability.
 - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
 - (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, ONI shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.
 - (d) This Settlement Agreement does not limit or affect the rights of ONI or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement

Agreement against ONI, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.

- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. ONI is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; ONI's compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that ONI's compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
