

## REQUIRED SUPPORTING DOCUMENT CHECKLIST FOR ENGINE CHANGE VERIFICATION

### PURPOSE:

Verification that a vehicle has had an engine change or engine swap, which is the installation of an engine that is different from the one which was originally installed in the vehicle, OR the engine and fuel type configuration needs verification

### ATTENTION:

A faded or missing ECL and/or illuminated MIL will result in the immediate failure of an inspection. If the MIL is ON, please repair and operate the vehicle to meet the readiness criteria. Please ensure the ECL is readable, or that a replacement has been ordered from an OEM parts supplier.

### PLEASE ELABORATE ON WHY YOU ARE REQUESTING AN ENGINE CHANGE VERIFICATION:

### SUPPORTING DOCUMENTATION:

Vehicle or Fleet Owners, please enter the required information and supporting document check list on pages 2-3.

Vehicle Dealers with CARB approved electric vehicle conversions, use the supporting document checklist on page 4.
